EARL OVERLEES DIES OF SCALDING

Sixteen Year Old Boy Who Was Injured by Boiler Explosion Dies of Injuries

HAPPENED ON WEDNESDAY

Was Engaged With His Father and Brother in Cleaning Out a Gas Well

Burns which Earl Overleese, 16 year old son of Mr. and Mrs. John Overleese of Arlington received Wednesday afternoon when a boiler exploded, proved fatal, and death resulted this morning about 3:30 o'clock. The young man suffered great pain following the explosion and death was thought to be almost certain.

The accident happened Wednesday afternoon while cleaning out a gas well on the Thomas McManus farm, just northwest of Occident. Mr. Overleese and two sons, Earl and Rulan, were doing the work, and the boiler on the machine was fired too heavy which caused the boiler to explode. The deceased was badly scalded about the body, and a piece of the machinery inflicted a deep wound in his abdomen.

Just a few moments before the explosion the father told his son that it was dangerous to fire the engine too heavy, as it might explode, they were engaged in pulling out pipe from the gas well when the accident happened. It is considered remarkable that no one else was seriously injured, as the children of Fred McManus, who live near here, were standing very close at the time of the explosion.

Two attempts were made to pull the heavy pipe from the ground, and it was on the third pull that the explosion took place. The older son, Rulan, who was standing by the engine, running the machinery, was not so seriously burned and is recovering. Following the accident both were given first aid treatments, and were later removed to their home in Arlington, where a physician treated their injuries.

The deceased is survived by his parents, Mr. and Mrs. John Overleese, and three brothers, Rulan, Raymond and Thurlox. The funeral services will be held Sunday afternoon at two o'clock in the M. E. church in Arlington, conducted by the Rev. Cradley of the Arlington Christian church. Burial will take place in East Hill cemetery in Arlington.

PRES. WILSON SPEAKS NEXT THURS. NIGHT

Will be in Columbus in the Morning and Second Stop, Indianapolis, at Night.

IS BUSY GETTING READY

Washington, Aug. 29.—President Wilson will be at Columbus, Ohio, Thursday morning and at Indianapolis in the evening, according to official itinerary made public today. From Indianapolis he will go to St. Louis, Kansas City and Des Moines, passing the various cities enroute to the coast. The presidential car will travel as a special sector of the regular train.

The president spent the most of his time yesterday morning in going over the draft submitted by his assistants and revising it so he can aim blows where he believes they are most needed.

The president, it was learned, at the White House, is pleased with the prospect of having the treaty leave the hands of the senate foreign relations committee about the time he starts his trip.

Indiana State Library • CROSS ROADS

Two Machines in Accident Near Sandusky and One Man is Hurt

George Weintraut of Waldron was painfully injured when his car collided with one driven by Loren Meek of this city at a cross roads near James Taylor's farm in the vicinity of Sandusky, Tuesday evening. Weintraut's machine, which was the lighter of the two, was turned over and Weintraut was pinned under it, but Ralph Richey and William Thompson, also of Waldron, who were riding with him, escaped unhurt. Neither Mr. Meek nor the other occupants of the car he drove, Mrs. Elsie Ward and daughter, of this city, were hurt, and Mrs. Ward's machine was only slightly damaged. The view of the cross roads was obscured by corn fields.

DRAW STRAWS TO DECIDE ARGUMENT

The Rev. C. S. Black and the Rev. L. E. Brown in Deadlock Over Who Shall Preach Sunday Night.

M. E. PASTOR DREW SHORT ONE

The Rev. J. T. Aikin, pastor of the First United Presbyterian church, and the Rev. C. J. Bunnell, pastor of the First Baptist church, are both out of the city, and the First Presbyterian church has no pastor, due to the resignation of the Rev. D. Ira Lambert. The only Protestant ministers left in the city are the Rev. Clyde S. Black of the St. Paul M. E. church and the Rev. L. E. Brown of the Main Street Christian church.

They got their heads together and talked it over, and decided that it would not be good policy to hold Sunday evening services in opposition to each other. Then the question was—who will preach. The Rev. Mr. Black said to the Rev. Mr. Brown, "You preach in my church," and the Rev. Mr. Brown said to the Rev. Mr. Black, "You preach in my church."

Since the odds were even, they decided to cast lots. Two straws were found, a short one and a long one, and a third disinterested party held them with two even ends exposed. Each drew a straw and the Rev. Mr. Black got the short one—so he will preach at a union service at the Main Street Christian church Sunday evening at eight o'clock.

MISS BELLE DUNNOHEW EXPIRES AT HOME HERE

Expires at Age of 79 Years of Disease With Which She Suffered for Three Months.

WAS BORN IN CINCINNATI

Miss Belle Dunnohew, a widely known woman of this city, died last evening shortly after five o'clock at her home, corner of Fifth and Morgan streets, death resulting from a chronic disease of which she had been afflicted with for about three months. Miss Dunnohew was 79 years old.

The deceased was born in Cincinnati where she spent her early days, and later removed here, making her home with her niece, Mrs. Charles A. Mauzy. She again removed to Cincinnati, where she stayed for a few years, coming here about twenty years ago to live with her sister, Mrs. Dixon, who recently died.

Miss Dunnohew is survived by her niece, Mrs. Mauzy, and a nephew, Frank Dixon, at whose home she was living at the time of her death. The funeral services will be held at the late residence Sunday afternoon at 3:30 o'clock with the Rev. L. E. Brown in charge, and burial will be made in East Hill cemetery.

WORK IS STARTED WRECKING CHURCH

New Edifice Will be Erected This Fall by Little Flatrock Christian Congregation

ESTIMATED COST IS \$35,000

New Building Will be of Brick and Will be Equipped With Electric Lights and Basement

Work was started wrecking the Little Flatrock Christian church, southeast of Rushville, which is one of the oldest houses of worship in the county, to make way for a modern church edifice which will be built this fall at the approximate cost of \$35,000. The building will be of brick and will contain a heating plant, electric lights, a basement, complete plumbing and all of the equipment which goes with an up-to-date church building.

Morris Winship of this city was awarded the contract for a sum slightly in excess of \$27,000. This price does not include the plumbing the electric light plant and other things. The furnace in the present building is less than two years old and will be used in the new one. There will be a basement, containing a kitchen, dining room and furnace room, under the whole building.

A change has been under discussion for some time and the congregation finally decided it would be the wisest policy to build a new church rather than to remodel the old one. Although the present building is a very substantial one, many were of the opinion that a basement which would meet the demands of the majority of the congregation, could not be constructed because the foundation is not very high and a basement with kitchen and dining room is now regarded as a necessary adjunct of any church.

The first plans were to remodel the building which has served many years as a house of worship, but so many members of the congregation said they would rather give more for a new church, that it was decided to wreck the old structure and build a new one. About twenty thousand dollars have been pledged by the congregation, which means that more than half the cost of the church is met before a brick is laid.

The Little Flatrock Christian church was one of the first of this denomination in the county and its membership includes many of the most respected and substantial families of southern Rush county.

For the present services will be held in the high school auditorium at New Salem. Arrangements have been made to hold the first services there Sunday. The congregation had planned to have an all day meeting and pitch-in dinner, as a sort of a farewell to the old church, but the contractor announced early this week he would begin wrecking the building Thursday, so that these

IS ARRESTED FOR ASSAULT

John Lemasters, State Official, Knocks Reporter Down

Indianapolis, Ind., Aug. 29.—A warrant for the arrest of John Lemasters, superintendent of motor transportation of the state highway commission, was issued this afternoon as the result of an alleged attack by Lemasters on Ray Wiker, an Indianapolis newspaperman.

Mr. Wiker is said to have visited the office of the State Highway commission and to have been knocked down by Lemasters. The attack is said to have been the result of newspaper criticisms. Governor Goodrich said he regretted the incident.

4 COUNTY SCHOOLS START ON MONDAY

Difficulty is Experienced by Many Trustees in Securing Teachers For Their Schools

SEVERAL VACANCIES YET

New Ruling by State Educational Board Compels High School Principals to be College Graduates

The State Board of Education passed a ruling in May regarding the qualifications of high school principals, which makes it compulsory for a person holding such position to be a graduate of some college or State Normal school, and such ruling was to take effect with the hiring of the principals for this fall. The only exception allowed by the State Board of Education, was where the principal held the position last year and could convince the board that he is qualified to hold such a position.

A. M. Taylor, principal of the Rushville High School is not a college graduate, but held this position last year and was highly recommended to the State Board for his reappointment this year. His case is mentioned as only one for several which is known in the county. In such cases where the same position was held last year, the State Board grants the proper license to teach.

At the last moment several township trustees have found difficulty in securing a complete faculty, and teachers of the right kind seem to be scarce. So far the school at Gings is without a principal, but Superintendent C. M. George stated today that he was considering the appointment of a lady, who would be in tomorrow to seek the position.

In Glenwood, the school there is without an eighth grade teacher, and two teachers are needed in Orange and one at the Fairview school. It is hoped that these vacancies can be filled by the time that school opens.

Four township schools will open Monday, and the remainder will open on the following Monday, which will open Monday are Rushville, Anderson, Jackson and Posey. The Rushville city schools will not open on Monday, but the week following.

The Posey township schools have a complete list of teachers, with W. E. Wagoner, as township principal, Hazel F. Meloy, mathematics and Latin; Faith Lee, English and music; Thora Eller, Home Economics and Science as the high school faculty and with the following teachers in the grade department: Charles De Munbrun, Mary Metsker, Lettie Woods, Flossie Irvine, Mary Johnston, Sue Woods, and Ruth Simpson.

The county teacher's institute which was to have been held today, was postponed until the first Saturday in September, on account of the incompleteness of the faculties in various parts of the county.

LABOR DAY WILL BE QUIET

Banks and Barber Shops Will Close—Postoffice Hours.

Labor Day, which is Monday, September 1st, will not be celebrated in Rushville, and only a few business houses will observe the national holiday. The banks of the city will be closed all day, as will the barber shops. The postoffice will close at ten o'clock with only one city delivery in the morning, and no rural route delivery. In years past the annual custom was a ball game in the afternoon, but none will be held this year. Monday will, however, see a great many Rushville people in Indianapolis, as it is the opening day of the state fair.

LABOR HEAD SEES WILSON

Samuel Gompers Confers About Steel Corporations

Washington, Aug. 29.—Samuel Gompers, president of the American Federation of Labor, today asked for an appointment with president Wilson, it was learned. Gompers request was granted, and he will see the president this afternoon. In absence of any announcements it was assumed that Gompers wished to go over the whole present labor situation with the president.

It was regarded as probable that Gompers might ask the president to appeal to the heads of the Steel Corporation to meet the committee representing its organized employees. Judge Gary, steel corporation head, has refused to meet this committee.

CONTRACTOR APPEALS FROM COMMISSIONERS

A. L. Tribble Takes Case to Circuit Court to Have Contract For Improvement Cancelled

UNABLE TO GET BINDING

Ananias L. Tribble, contractor on the John Kelly et al highway in Rushville township, today took an appeal from the board of county commissioners to the circuit court. The contractor alleges that he is unable to complete the paving as specified and contracted for, and asks the court to cancel the contract and pay him for the portion that is completed. The highway in question is the First street improvement. The contract specified that brick was to be used as far west as the Big Four railroad, and then stone with Roe-Mac binding.

The contractor says the manufacturing plant of the Roe-Mac is now out of business and he is unable to get the supply. On May 5th he petitioned the commissioners to release him from the remainder of his contract, but they refused, and he is now appealing to the circuit court. He also states that the cost of labor has advanced as well as material, and that if he should complete the street, it would be at a great loss financially to him. He stated that he completed the Frank Green et al highway at a loss, and that he thinks the court should cancel the contract which is now unfinished, and pay him for the portion which has been completed with brick.

MIKE WILL SOON BE HOME

Proprietor of Greek Candy Store Ready to be Discharged

George Katsoras has received a telegram from his brother, Mike Katsoras, proprietor of the Greek Candy Store, stating that he has arrived at Camp Merritt, and is on his way to Camp Sherman, O., where he will be discharged. "Mike" as everyone knows him, will be glad to get back. He left here with the selected men on October 5, 1917, going to Camp Taylor, later being moved to an embarkation point along the coast. He soon was transferred to Belgium, and saw active service. Since the signing of the armistice he has been in the vicinity of Luxembourg. It is probable that he will be home Saturday or early next week.

SENATOR KNOX SPEAKS.

Washington, Aug. 29.—The treaty now before the senate is merely the "truce of Versailles" not a treaty of lasting peace; it does not spell peace but war—war, more devastation than the one just closed; it "lays the foundation for centuries of blood-letting." This characterization of the pending treaty was presented by Sen. Knox today.

PREDICTS PRICES FALL IN 90 DAYS

Judge Ames, Assistant Attorney General Claims That Food Prices Will Soon be Lowered

EXPECTS 25 PER CENT OFF

Asks Shopment to Put Off Their Strike Until Government Proves That They Can Lower Prices

(By United Press.)

Washington, Aug. 29.—Many material decreases in food prices will occur within ninety days, Judge Ames, assistant attorney general in charge of the government price campaign predicted today. A general reduction of 25 percent will finally result from the government's effort, Ames further predicted.

Ames statement followed a letter by the shopmen leaders advising their men to withhold striking for ninety days to give the government a chance to make good in its fight to bring down prices.

Immediately after making his predictions Ames went into conference with Governors of seven states and Attorney General Palmer. The governors are here to give official aid in cutting prices. Following their conferences with Palmer the governors went to President Wilson.

With Palmer, the governors planned the details of the campaign to be waged in each state to cut living cost in co-operation with the government in its campaign.

Both Ames and Palmer let it be known that they are gathering evidences against retail profiteering to be used in prosecution as soon as the amendment to the food control act which Palmer has asked are passed by congress.

Will Reduce in Chicago

Chicago, Aug. 29.—With live stock and produce prices on the downward grade on the wholesale market, government officials today prepared to take action to force a similar reduction by retailers that may be felt by housewives, and the man who pays for it.

District Attorney Clyne was to return today to Washington to begin work on court proceedings against the big five packers, while federal authorities announced 40,000 pounds of sugar seized last week will be on sale to the public at 10½ cents a pound.

RICHMOND TODAY IS QUIET AFTER RIOTS

State Troops Will Not Have to be Called as Rioters Have Abandoned Their Ideas.

WORK IS STOPPED, HOWEVER

Richmond, Ind., Aug. 29.—Quiet followed today in the wake of rioting in which shots were exchanged in strikers of the Malleable Casting Company and the Reliance Foundry stoned the factory building. The streets were deserted today and the officials had practically abandoned the idea of requesting state troops unless further disturbances arise.

All the rioting occurred after the strike had been adjusted and the men had decided to return to work. They would have been back on their jobs today but their places of employment was so badly damaged that operation had to be suspended. Those who instigated the throwing of stones were for the most part strike sympathizers.

One of the strike breakers attempting to escape the mob in the darkness hid under a box car in the freight yards. An engine struck the string of cars and he was crushed between two of them. His recovery is doubtful.

Hog & Cattle Feed For Sale

Do you know that our Whole Ground Barley is the BEST and CHEAPEST feed that you can use? This Ground Barley would cost you \$67.00 per ton in less than carload lots, delivered at Rushville. For full car of Whole Ground Barley we can make the price \$62.00 per ton, delivered at Rushville. This price, however, is subject to confirmation.

We were fortunate in picking up a few cars that we could sell at the above price. To replace them today would cost quite a good deal more money.

RIGHTER GRAIN CO., Cincinnati, Ohio.
R. G. Wellman, Agent. Phone 1506.

CUT THE HIGH COST OF LIVING By baking your own bread from CLARK'S PURITY FLOUR

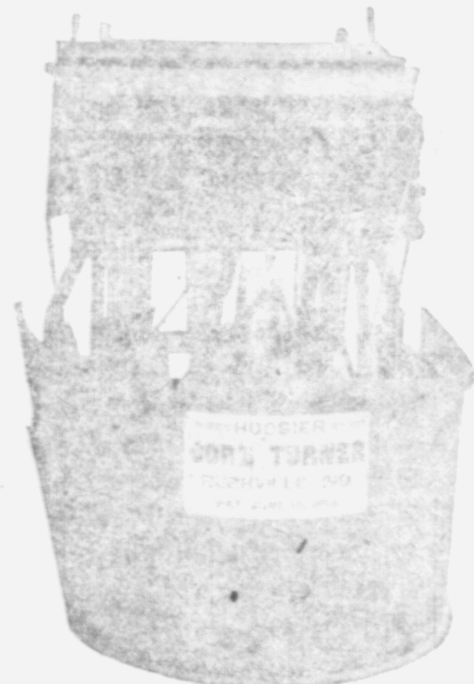

One barrel of 196 pounds will make 283 loaves of bread, which at 10c each would amount to \$28.30. CLARK'S PURITY FLOUR retails at \$13.60 per barrel, then the housewife who bakes her bread will save \$14.70 per barrel, less the seasoning and fuel for baking; hence a long step in the direction of reducing the high cost of living would be accomplished.

WHEAT CONTAINS STINKING SMUT

Amounts Varying From 60 to 100
Per Cent in Many Localities According to Elevator Men.

IS A FUNGUS DISEASE

County Agent M. F. Detrick Gives a
Formula—Will Hold Campaigns
in Near Future.

The elevator operators have estimated that the amount of wheat containing stinking smut will vary from 60 to 100 per cent in different localities. Some elevator men have said that very little, if any, wheat has come to their elevator that was absolutely free from this disease. In some fields as much as 40 per cent of the wheat was destroyed by the smut.

Stinking smut is a fungus disease. One of the pods of smut contains in the neighborhood of three million spores. When these smut pods are crushed, as many are in threshing, the spores are liberated and stick to the grains of wheat. When the wheat is planted, the smut spore is also planted. It germinates the same as the wheat and sends out small thread-like bodies which grow into the wheat seedling. These threads multiply in the tissues of the wheat plant and when the wheat heads the spores are again formed inside of the covering of the wheat grain leaving only a mass of spores inside the covering or bran of the wheat kernel.

A number of farmers in this county treated their wheat last year with formaldehyde, with excellent success in nearly all cases. The following method is the one most commonly used.

Sprinkle the seed until thoroughly moist with a solution of one pint of 40% formaldehyde to 10 gallons of water, shoveling over repeatedly to distribute the moisture evenly. Forty gallons of the solution will treat sixty bushels of grain. Spread into a pile and cover with sacks, blankets or canvas (or) at least two hours but not more than five. Dry by spreading a thin layer and stirring occasionally with a shovel or rake. The seed may be sown when dry enough to run through the drill, setting the drill to sow one or two weeks more per acre to allow for the swollen condition of the grain. If to be stored for several days or longer, dry thoroughly. Disinfect sacks, bins, and drill to prevent re-infection.

County Agent Detrick is planning to give a number of demonstrations in treating with the formaldehyde where farmers ask for help. A demonstration will be held at the farm of Ozias Gwinup, two miles southeast of New Salem at 9 o'clock Saturday morning of this week.

OLDHAM, ENG.—Dog owners chortled joyously when Sir A. D. Hall, under-secretary of the Board of Agriculture, was fined \$2.50 for leaving his dog unmuzzled. Hall's signature appears on all orders re-dogmuzzling.

Powerful Picture at Princess

The Elsie Ferguson picture, "A Society Exile," which was shown last night at the Princess, will be repeated again tonight. The beautiful stage settings and costumes worn by Miss Ferguson won the admiration of the audience last night, and it is pronounced by all who saw it, as a very high class picture. Special music is being provided this week on account of the anniversary of the theater. The picture tomorrow will be "The Virtuous Thief," which appeals especially to our men who hire girl stenographers.

Miss Bennett, who has won nation-wide reputation for herself by her artistry and charm, plays the part of a girl who becomes a stenographer in the office of a Wall Street broker in order to atone for the guilt of a weak brother who has stolen money from her employer. The broker proves to be a type of business man that is, fortunately, extremely rare in the financial district—a roue. Miss Bennett finds herself the central figure in a tangled plot that attracts toward her the finger of criminal accusation. How she is lured into a dastardly trap by her designing employer, who plays upon her intense devotion to her brother, and escapes in a miraculous way makes up the dramatic story, which was written by C. Gardner Sullivan.

Snow Scenes in Film

"The Blinding Trail" featuring Monroe Salisbury, which is shown at the Mysic Theatre today contains some of the best "snow stuff" ever filmed. It is a story of the north wood.

When Director Paul Powell took his company to Truckee, Cal., to "shoot the snow" he picked out a wonderfully good season. It happened that on the night of his arrival there was a heavy fall of wet snow, which clung to the branches of the trees in designs of remarkable beauty.

BARS IMMIGRANTS

Sydney, (By Mail)—The state of New South Wales has informed the Commonwealth government of Australia that it will not permit any immigration for one year, in order to more successfully cope with the problem of repatriating its soldiers and sailors. This ban against immigration includes the British Isles, despite the fact that all other states of the Commonwealth have opened their door to emigrants from England.

as far as Chicago today, where she will be joined by Dick Hogsett, and leave for Phoenix, Arizona, where she will live permanently.

—Mrs. Evaline Creek of this city and her mother, Mrs. Rebecca Lockridge of Greensburg, who were called to Tipton, Ind., on account of the death of a relative a week ago, have returned to this city.

—Mr. and Mrs. J. Q. Thomas of this city and Mr. and Mrs. E. L. Carpenter and two children of Indianapolis, arrived home last night from a two months visit in Colorado. They visited many points of interest in the state and saw many former Rush county people. Part of the time they were the guests of Mr. Thomas' son and Mrs. Carpenter's brother, Walter H. Thomas of Colorado Springs.

SEPTEMBER 4 TO BE PURDUE DAY AT FAIR

Thousands of Men and Women Who
Attended University Expected
to be Present on That Occasion

RECEPTION FROM TEN TO ONE

Lafayette, Ind., Aug. 29.—Thousands of men and women who have attended Purdue university are expected to be present at a reunion to be held at the state fair on Purdue Day which an announcement from Prof. G. I. Christie has designated as Thursday, September 4.

In view of the fact that a large number of the faculty members will be present at the fair in connection with the Purdue exhibit which is to occupy the Purdue and Oliver buildings, this will offer an excellent opportunity for members of the institution and the men and women of the state to get together to renew acquaintances and go over many of the matters of common interest.

The Association of Purdue Students, of which Norris McKenry of Elizabethtown is president and J. A. McCarty of Fort Branch is secretary, will hold a reception between 10:00 a. m. and 1:00 p. m. at the Purdue Building. Large numbers of Purdue students who have been in the military service and many of the faculty members will be present at his meeting. All men and women who have attended Purdue are urged to attend the state fair and take part in the exercises.

TO BE GIVEN S. M. STRIPE

Lewis Hunter, who has been affiliated with the local branch of the Salvation Army for the past twelve years and has held the commission of Sergeant Major of the Rushville Corps for the last eight years, will be presented with the sergeant major stripe next Sunday evening as a token of appreciation for his faithful service.

WORK IS STARTED

WRECKING CHURCH

Continued from Page One

Plans had to be abandoned. The plans call for completion of the new church by January 1, 1920, but it is doubtful if it can be accomplished on account of many delays incident to getting material on the ground and the scarcity of labor.

Next Payday September 15

Uncle Sam's next big pay day this year comes on September 15. On that date the Treasury Department of the United States government will give to every investor in Liberty bonds his interest. In the aggregate that will amount to \$88,750,983.

With the purchasing power of the dollar lower than it has ever been, it is the part of wisdom to keep your dollars working, earning interest until money is worth more. On September 15 every one to whom Liberty Bond interest is due has the opportunity to reinvest that interest in War Savings stamps. That will keep your income growing, for the War Savings stamp pays four percent, compounded quarterly.

The procedure is easy. All you have to do is to take your Liberty Bond coupons to any postoffice and almost any bank and exchange them for War Savings stamps, which are non-depreciable and non-fluctuating. In case you ever need the money, you always can cash them at any Postoffice on ten days' notice. Each purchaser of War Savings stamps gains sure profit and insurance for the future. The Government gains some money and assures and stabilizes its financial safety and prosperity by assuring the financial future of its citizens.

Uncle Sam will have more pay days this year. They will occur on October 15, November 15 and December 15. If all the Liberty Bond interest due from March 15 last to December 15 were reinvested in War Savings stamps, the total out in the latter governmental securities would amount to \$804,057,716. Following are Uncle Sam's paydays this year and the amount of Liberty Bond interest it is possible to reinvest in War Savings Stamps.

September 15.....	\$88,750,983.81
October 15.....	78,102,249.38
November 15.....	148,517,248.75
December 15.....	36,658,370.63
Dec. 15—5th Loan.....	106,875,000.00

Perfectly Simple

There is a constantly growing feeling among our fellow citizens that the government ought to run most of our staple industries—if necessary, at a loss, and make up

Sap and Salt

By BERT MOSES

As a general rule, poor pianists are good cooks.

A woman with too much hips hates a woman who has just enough.

Nothing lives unless there is a reason why it should not die.

The principal strength of some folks seems to be in their breath.

There is a fine chance for the modest girl nowadays—almost no competition.

Prudent girls do not wear white shirt waists when spooning in the park after dark.

Hez Heck says: "When a lover gets to the point of telling his girl her ears are like sea shells, the old man might as well come across with the price of a wedding outfit."

the deficit out of taxation. And when invited to reveal who is to be taxed to pay the deficit, they always say the same thing: "The rich".

Just exactly what constitutes the rich is a thing vaguely understood. They are generally supposed to be people with tons of currency hidden somewhere. It is surprising how few people there are whose mental processes surpass those of a six-year-old. There are far more people in this grade than you may think.

A man is rich if he has credits by virtue of which he draws large revenues from certain industries. Very often he does not own the industries, but is one of the bondholders. As a rule, he has very little currency. There is no sense in having much.

When the government has confiscated all the large industries, the rich men's sources of revenue will be gone. Then they will be poor. We shall start this scheme without any rich people—and therefore there will be no one to pay the taxes.

So all industry will run at a loss, like the railroads, without any one making up the deficit. They actually worked this scheme out in Hungary, and apportioned the incomes which the individual members of the population were to draw—finding out afterwards that the aggregate of the incomes was four times the total producing power of the country. The Chinaman who burned down his house to roast a pig was almost intelligent compared with some of us.

"But," you may say, "why should government always run industry at a loss?" Ah, why indeed? But it does. Governments are composed of platform rhetoricians, monologists, lawyers and pamphleteers—not of chemists, or engineers, or manufacturers.

Well, let us leave enough rich people in existence to pay the taxes. How rich shall we let them be? Oh, just rich enough to dig up the money for taxation. But no one would consent to be rich on those terms; they would have the labor of filling up tax-forms, and get nothing for it. No one who has done that job will want to do it gratis.

Many great men of Europe are evincing a secret desire to come to America and see a nation of greater men.

Yes, we are a law abiding, peace loving, God fearing nation. We only have profiteering, strikes, riots, race wars, Bolshevism, and a few other mild forms of amusement too inconspicuous to mention.

About every nation of Europe is looking to the United States for assistance in one way or another. And the fellow who relies on another to care for him seldom evinces any particular desire to do something for himself. Europe should go to work.

No we have no objection to price fixing by the government, provided the prices are such as to meet our individual approval.

With The Churches

—The Rev. Cady of Milroy will preach at the Glenwood Christian church Sunday evening at 8 o'clock.

—Regular services will be held at the First Presbyterian church Sunday, September 7. Sunday school will be held at the usual hour next Sunday.

—First Baptist church—Sunday school at 9:30 o'clock; preaching services at 10:30 o'clock. The members of the church will join in union services at the Christian church Sunday evening.

—Regular services of the Little Flatrock Christian church will be held in the auditorium of the New Salem high school building, on account of the church building being wrecked to make way for a new church.

—St. Paul's M. E. church—Sunday school at 9:30 o'clock; morning worship with sermon by the pastor, at 10:30 o'clock. At eight o'clock in the evening this church will unite in the union services to be held at the Main Street Christian church.

—First United Presbyterian church—Bible school at 9:30 a. m.; there will be no preaching services on account of the absence of the pastor. Young people's meeting at 7 o'clock. Congregational prayer meeting Thursday evening at 7:30 o'clock.

—Pleasant Ridge Methodist—Bible school, 2 p. m., combined with an illustrated talk by the pastor. Ballots for lay delegate will then be taken. W. A. Mull will be judge and J. R. Dearing and John W. Lower tellers. Ballots were received at Arlington last Sunday for the Rev. J. L. Brown and Mrs. Ruth Eaton.

—Manilla Methodist—Bible school, 9:30 a. m., combined with an illustrated talk by the pastor. At the close of the service the ballots for the lay delegate to the Lay Electoral conference, will be received. The Rev. J. L. Brown and Mrs. Ruth Eaton have been nominated. C. C. Cotton will be judge of election and Charles Murdock will be tellers.

—The unified service at the Main Street Christian church will begin at 9:30 and close at 11:15. At the preaching period the pastor will speak on "The Saving Salt." At 8 in the evening there will be a union service at this church at which time the Rev. Clyde S. Black of the M. E. church will deliver the sermon. Mid-week service Thursday at 7:30.

—Salvation Army church—Open air meeting Saturday night at 8:30 p. m. Bible study Sunday morning at 10:30 o'clock. Subject "Water Baptism Mode." 2 p. m. Sunday school; 7 o'clock, open air meeting; 8 p. m., evening services, subject, "Will the League of Nations Bring Permanent Peace?" Meetings Tuesday and Thursday evenings at 8 p. m.

RETURNS FROM FRANCE

Arthur Pulliam has returned from France, where he saw active service during the war, and is now the guest of his mother, Mrs. Ida Pulliam, while on a furlough from Camp Merritt, N. J. He enlisted before the war broke out and his unit was among the first troops to be sent to France.

MEET ARLINGTON SUNDAY

Rushville Tail Lights Will Play Red Sox on Home Lot.

The Rushville Tail Lights will play the Arlington Red Sox Sunday at Arlington, and the game promises to draw a big crowd. The Rushville team a few weeks ago won from the Red Sox, and will make a big attempt to repeat their recent victory. Practically the same line up will be used by the Tail Lights as was used then, and the Rushville boys have been diligently practicing all week in an effort to get in trim. The game in Arlington will not be called until after the arrival of the traction car from this city, which is due in Arlington a few minutes after three. The Rushville team will line up as follows: Doll, c. Yazel, p. Bennett, 1b. Conoway, 2b. Thorp, ss. Tompkins, 3b. Keating, lf. Sharp or Todd, rf.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

Ex-Gov. N. J. Batchelder, of New Hampshire was a farm faddist and his farm on Highland Lake was once visited by a gushing Boston dame who raved over everything. "Oh, such absurdly grotesque workmen in the fields" and "exquisitely adorable poetic rustic life and environments." The last vision which swirled before her was a sty of pet pigs which had been holystoned and pumiced and sprinkled with lavender. Quite a herd of shiny white ones. In comparison with market prices, bacon cost the Governor about ninety-seven dollars a side. "Oh, I'll never, oh, never forget this marvelous place. Oh, Governor, every time I see a pig like that I cannot help but think of you."

CASH PRIZE OFFER: A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

GOVERNORS SEE ABOUT H. C. L.

Washington, Aug. 29—Governors of seven states were to confer today with President Wilson to plan state cooperation in the federal governments if it is to cut the cost of living. The governors are from Missouri, Montana, South Carolina, Pennsylvania, Maine, Arizona and Minnesota.

BARGE KILLS TWENTY

Archangel, Aug. 29—Twenty men were killed and forty are missing it was estimated today as the result of the explosion of an ammunition barge which destroyed a British monitor.

Business Man Sings Praises

"I suffered for years with stomach trouble and gas continually. Doctors thought I had stomach ulcers or cancer. After last attack they advised going to Rochester, Minn., for an operation. A friend advised trying Mayr's Wonderful Remedy, which I did, and I cannot sing its praises too highly, as I can now eat anything and everything." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale by Druggists Everywhere.—(Adv.)

Society

The annual reunion of the Hunt family was held at the city park today. Many visitors from out of the city were present for the elaborate dinner served at noon.

Miss, Marguerite Kelley entertained a number of her friends at a six o'clock dinner party yesterday evening, honoring Mr. and Mrs. Lotus Gartin, who will leave soon for California.

Mr. and Mrs. Aaron Wellman entertained last evening at their home in North Morgan street, Miss Alice Buell of this city and Mrs. John H. Morris of Greenfield. Mrs. Morris is a sister of Mr. Wellman's.

Mrs. Gay Mulbarger was hostess for the Thursday Afternoon Bridge club yesterday afternoon at her home in North Harrison street. The guests enjoyed the afternoon over the card tables and at the close of the playing refreshments were served.

Mr. and Mrs. George Kendall of Sexton and Miss Mable Taylor of Muncie, Mr. and Mrs. S. R. Holderman, Mr. and Mrs. T. C. Kendall and family and Mr. and Mrs. H. E. Lamm and family of Cartersburg, Ind., formed a motoring party yesterday and went to the home of James Shannahan where they enjoyed the day with Mr. and Mrs. Tom Kendall, Mrs. Catherine Jones and Mary Shannahan of this city.

Sixty-five members of the War Mothers club and the Industrial club were delightfully entertained at the home of Mrs. Sam Newhouse of near Center yesterday all day. At noon a bountiful pitch-in dinner was served and in the afternoon a splendid musical program was given which was thoroughly enjoyed by all present. The rooms were decorated for the occasion with summer flowers and the table was centered with a large bouquet of asters.

Mrs. Erle Hamilton and Miss Laura Holden were hostesses for an informal progressive party, Wednesday afternoon, honoring Miss Alma

Green, a bride-elect. At the home of Miss Holden, in East Seventh street, the guests enjoyed the afternoon over various needlework and at a late hour the guests present were invited to the home of Mrs. Hamilton's mother, Mrs. Grant Gregg, where a delicious luncheon was served. The rooms were beautifully decorated in the color scheme of pink and white, the same color scheme predominating in the decorations of the small tables and brides table. The out-of-town guests were the Misses Jessie Logan, Isabel Hamilton and Ruth Logan all of Greensburg.

SAYS H. C. L. IS NOW ONLY NATURAL

Wall Street Financiers Claim Investigation Will Not Reveal Any-one in America to Blame

SAME CONDITIONS IN 1865

United States Has Been Supplying Other Countries—5 Years of Destruction With no Production.

(By United Press.)

New York, Aug. 29.—"Investigators who are looking for the 'guilty party' responsible for the high cost of living in the United States will never find him in America, according to Wall street financiers.

A correspondent of the United Press interviewed several of the biggest bankers of the country to ask them for their ideas on the high cost of living. Though the financial men refused to allow their names used, they were free in their opinions.

The general consensus is that the man who started the war is responsible. People who are suffering now are merely paying their part of the bill for making the world free for democracy, in the opinion of financiers.

"The present situation is the natural one after five years of destruction and non-production," explained one prominent Wall street man, "The world is short of food and clothing and supplies of all kinds. America is short because it has shipped so much to Europe, and because it is not producing enough.

"High prices are the result of a shortage on the market. Legislation and agitation will not lower prices permanently or to any extent. As soon as we begin to produce more, so that the surplus on the market causes competition for sale, prices will come down. Until we produce more, and until Europe produces more, prices will remain high.

"Wall street is not surprised at the very high prices and the unrest all over the country. The financial interests anticipated and expected this trouble. Similar disturbances have occurred after every war of importance. Look back at the period following the Civil war. The only difference is that the present catastrophe is greater than any previous one, and will be more difficult to re-adjust."

The bankers interviewed were not in sympathy with the agitation and legislation in Washington. Wall street considers this an ineffective way of feeding the hungry, and generally accuses the legislators of playing for publicity.

The economic situation will adjust itself along the good old fashioned lines of the law of supply and demand, according to the financiers who feel that nothing else under the sun can serve as a real remedy, though they admit that certain legislative moves can be injected as temporary stimulants.

SHOULD CONSIDER NOW THE STUDENTS HEALTH

Local Physician Calls Attention to The Danger of Diphtheria and Advises Proper Vaccination

DISEASE COMMON IN FALL

The health of a student in school is a most essential thing, and before the beginning of the present term, a local physician advises that the parents should see that the condition of their children's health is the very best, especially if the child has a tendency toward a weak throat, which invites diphtheria.

The vigorous campaign launched in many cities against diphtheria was commented upon by the physician and a caution issued to mothers who have children susceptible to this disease, protected by vaccination. An injection of toxin antitoxin will afford protection against diphtheria just as effectively as does vaccination against small pox virus against smallpox. This is a new antitoxin, developed through an entirely different process from the old and gives immunity for from three years to life.

It is possible for anyone to unconsciously carry diphtheria germs with them. The germs quite often lurk in the throat of a person who is enjoying the best of health and when children of a school room pass pencils from one to another and bite off the same apple or piece of candy, it can readily be seen how the disease gets a start. The disease is more prevalent in the late fall and early winter because it takes about that length of time from the opening of school for it to take hold on new victims.

'WALL' ELLIS DEAD AT PERU

Local Relatives Receive Word About Former Citizen.

Relatives here have received word of the death of a former Rushville citizen, Wallace Ellis, at his home in Peru, Ind. Mr. Ellis was a former Rushville man and is well known here by the older residents of the city. He married Fanny Denning, a sister of Ab Denning, Mrs. Homer Havens and Mrs. Conde of this city. While in Rushville he was engaged in business in the old carriage factor. After the death of Mrs. Fanny Ellis he was married again and besides the local people, is survived by the second wife and a daughter by his first wife, Mrs. Georgia Smith of Delphi, Ind. The funeral services will be held at Peru, tomorrow morning and burial will take place there.

BILL INTRODUCED TO AID MENTALLY WEAK

Provides That Bureau of Education Shall Establish Means For Study For Handicapped.

Washington, Aug. 28—Each public school in the country will have division for the investigation of mentally handicapped children, if a bill introduced by Representative Leonidas C. Dyer, Republican, of Missouri, is enacted into law.

The bill provides that the Bureau of Education shall establish means for the study of the mental and educational needs of backward, feeble-minded and otherwise mentally deficient children.

This work is to include the collection, tabulation, interpretation and publication of the results of tests useful for mental and educational

classification and of information bearing upon organization and conduct of the work undertaken in the schools of the country and elsewhere for the pupils; also the conduct of a laboratory of mental tests for the development of standards of mental capacity for normal children of different ages; also the conduct of a psycho-educational clinic for the examination and classification of pupils.

Kills Pesky Bed Bugs P.D.Q.

A Two ounce box of P.D.Q. makes a full quart of the best bug-killer on earth. Better than a barrel of old-fashioned bug-killer.

P.D.Q. [Pesky Devil's Quietus.] kills like a 42-centimetre shell. It settles bedbugs, fleas, roaches, ants and chicken lice, and not only kills the live pests, but the eggs as well.

P.D.Q. won't injure clothing, carpets, curtains, draperies or wall paper. Try it on the dog and see the fleas flop.

Your druggist has it or can get it for you.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs al-

A Real Saver on Tires

THE experience of Hupmobile owners in this vicinity shows that in the important item of tire mileage the Hupmobile stands exceptionally well.

Eight, nine, even ten thousand miles from the original tires are some of the reports which come to us.

We know, of course, that the Hupmobile is exceptionally economical on tires.

But it is pleasant to have the fact confirmed by people who drive the car every day.

The Hupmobile displays the same saving traits in the use of gasoline and oil; and costly or extended repairs—barring accident—are practically unknown to the average owner.

We shall be glad to direct you to owners who can tell you not only of Hupmobile economy, but also of its extraordinary performance and its splendid service.

Farm Light and Power

Here is a 40 light plant that you will like—for its economy and utility. Touch a button to start it and another to stop.

The low speed engine with ball bearing dynamo assures long life—less attention—lowest possible maintenance cost. The 40 light "F" farm outfit comes completely mounted on one base with the famous throttling governor "Z" engine which also gives mechanical power to operate a washing machine—cream separator—churn—or other machines independent of the dynamo, either direct or through a line shaft. Unquestionably the biggest value in the farm lighting field—and you get the added advantage of mechanical power.

Come in and see this plant and let us prove its reliability point by point.

J. W. GARTIN & SON

GARTIN and MILLER, Auctioneers. RUE WEBB, Clerk.

The Ladies Aid of the First Baptist Church will serve lunch.

\$200,000 QUOTA SET FOR FARMERS

It is Thought This Sum Will be Subscribed for in One Day By County Organizations.

WILLIAM BOSSON SPEAKS.

Says Every Farmer Knows That to Get Best Results They Must Have a Firm Organization.

Indianapolis, Ind., Aug. 29.—The \$200,000 guarantee fund of the Indiana Federation of Farmers' Associations will, it is hoped by Federation leaders, be subscribed in one day. William Bosson, special treasurer for the fund, announced today that September 19 is the day selected for the big subscription effort, and district chairmen will do their best, he said, to complete the fund on that date.

This plan, breaking all precedent in the way of campaigns for funds in this State, has been agreed upon after Federation leaders have had a chance to confer with members throughout Indiana. Several counties have "gone over the top" in one day of their own accord in other campaigns, but no campaign has yet been organized asking the whole state to provide its quota in twenty-four hours or less. "We have adopted this plan for two reasons," said Mr. Bosson. "We believed it unwise to conduct a long drawn out campaign, begging for money everywhere. We were confident Indiana farmers would prove to the world that they mean ready money, and subscribe the entire fund in one day's time."

"The campaign of organization has been conducted with a view to making September 19 the quota day. Our experience in the organization work seems to justify our judgment. Farmers everywhere throughout the State are pledging themselves at county and district meetings to put the fund over with a boom on September 19. The prospect of a strong, cooperative and mutually helpful organization appeals so strongly that they are willing to go the limit in its support."

"Every farmer knows he needs assistance in putting the marketing of his produce on a sound, honest basis. He can not be assured of reasonable profit as long as the buying end of the game is conducted on a speculative, gambling basis. The Federation is going to work against this sort of thing. Farmers everywhere know the value of cooperation in advancing the science of production and farm management. For these and other reasons, we feel confident they will put over the \$200,000 fund between sunrise and sunset on September 19."

Mr. Bosson said his opinion was based not only on correspondence with county and district leaders, but on reports exchanged by President John G. Brown, Secretary Lewis Taylor, Vice-President W. H. Hickman and other officers who have been speaking over the State. They declare that they find many county associations volunteering to provide their quota several days in advance of the drive day.

The Indiana state fair is to be made a rendezvous for members of the Indiana Federation of Farmers' Associations. State fair officials, cooperating with the Federation, have arranged that there shall be a big tent for use as Federation headquarters. The Federation leaders will provide literature and speakers as a means of carrying their message to all the farmers attending the fair. Music and entertainment of various kinds will also be offered by way of diversion.

MINNIE DOESN'T SHIMMY

Indianapolis, Ind., Aug. 29.—Minnie doesn't shimmy in Indianapolis dance halls, according to a report of women police. Nightly visits to public dance halls by police women have tabooed the shimmy and have prevented girls under age from visiting the places unchaperoned.

School Days

¶ The end of the vacation period is near, and the boys and girls will be going back to the school again, some start next week and others a week later.

¶ Make the right kind of a start, with your personal appearance registering 100 per cent. The right kind of clothes don't mean new ones, but everyday clothes thoroughly renovated and cleansed by the process offered by the Twentieth Century Cleaners and Pressers, will insure the right kind of personal appearance.

¶ The 20th Century Cleaners and Pressers are prepared to take care of all school work, for the little tots to the college students, and those living in Rushville may phone 1154 and they will call for the package. Country patrons may bring, send or mail them, and the work will be gotten out promptly.

COUNTY NEWS

Continued from Page 7.

Misses Vera Short, Bessie Clark, Iris Davis, Mary Patterson, Florence Clark and Mildred Davis.

Mr. and Mrs. Elmer Jones and daughter and Mrs. Isadore Brocklemer of Greensburg, spent Sunday with Mr. and Mrs. Charley Jones and son Wilbur.

A large crowd from here attended the Welcome Home celebration at Greensburg last Wednesday.

Landy Lewis and Brint Boling transacted business in Greensburg Saturday.

THOSE GOOD OLD DAYS BACK THERE IN 1818

Indianapolis, Aug. 29.—Up, Mr. Profiteer from your seat of ease and turn back the pages of history to 1818—and shudder. County commissioners then controlled the prices to some extent, according to Claris Adams, prosecuting attorney for Marion county. Records in Adams' office show the following prices prevailed at that time:

A meal 25 cents.
Lodging for one night 12 1/2 cents.
Half pint of whiskey 12 1/2 cents.
Hay and stable for one horse 25 cents.
Thus, it is figured, a person could spend the night at a tavern for 75 cents, or even 50 cents if there was no horse. Records do not show that the lodging and the half pint were considered as one expenditure.

LONDON—Declaring that the work was insufficient to justify his \$500 annual salary, L. W. Liell, officer of the Loughton Food Committee, insisted on a 25 percent reduction.

MILLIONS Suffer from Acid-Stomach

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach. Keep a sharp lookout for the first symptoms of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful heat after eating, and sour, gassy stomach. EATONIC, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach miseries. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try EATONIC and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch; your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now. Take EATONIC Tablets—they taste good—you eat them like a bit of candy. Your druggist has EATONIC—50 cents for a big box. Get a box from him today and if you are not satisfied he will refund your money.

EATONIC

That Car Load of Sugar---

We are sorry that we didn't have it—no doubt our customers are sorry, too.

Since sugar is scarce try corn syrup for preserving. The principal manufacturers of corn syrup are publishing recipes for the use of their product for this purpose. Follow these directions and you will be pleased with the results.

ATE INFECTED BEEF; TOWN FEARED RABIES

After Investigation Meat Inspector Announced There Was no Danger of it Being Contracted

THEN THE PANIC SUBSIDED

(By United Press.)
Remmes, France. (By Mail).—When a rumor spread that a certain late cow which had been slaughtered and sold for food, had been suffering from rabies at the time of her death, the population of this French village descended on the doctor and the mayor for advice.

Everybody who had recently eaten beef concluded that he or she had contracted hydrophobia, and had consequently gone mad.

Forty-four of the inhabitants bought tickets for Paris, where they intended seeing the best doctors. But other passengers aboard the train rebelled at the idea of traveling with people who might suddenly go mad and start snapping at them, so the forty-four were huddled in cattle cars and made the journey standing up.

A hundred more were getting ready to go when a meat inspector announced that though it was true the cow had been infected there was no danger of it being contracted.

The panic subsided.

Simple Home Remedy Advised For Rose And Hay Fever

Anyone Can Make a Pint For Trifling Sum and Used In Time May Prevent Annual Attack

"No matter how severe your yearly attack be, no matter how distressing or humiliating—its intensity can be reduced to a harmless, mildness," says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and sniff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in one ounce vials is dispensed by all the better pharmacies.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

Ford

THE UNIVERSAL CAR

The Ford Coupe, with electric self starting and lighting system, has a big, broad seat deeply upholstered. Sliding plate glass windows so that the breeze can sweep right through the open car. Or in case of a storm, the Coupe becomes a closed car, snug, rain-proof and dust-proof. Has all the Ford economies in operation and maintenance. A car that lasts and serves satisfactorily as long as it lasts. Demountable rims with 3 1/2-inch tires all around. For the doctor and travelling salesman it is the ideal car.

Both Speed and Care Are Required in Canning Corn

U. S. DEPARTMENT OF AGRICULTURE

Corn seems to give the average home canner more trouble than any other product. It is especially important, therefore, that extreme care be used and that directions be carefully followed. Much depends upon the age and condition of the corn. Select fresh, tender, juicy corn which has not reached the starchy stage. A little experience in selecting the ear and the ability to recognize corn that is just between the milky and dough stage are important.

Have the utensils in readiness before starting. The jars (already tested for leaks) and tops should be boiled 15 minutes and then be left in the hot water until ready for use.

Pack corn in jars.

The rubbers should be placed in a hot soda solution made with 1 tablespoon soda and 1 quart of boiling water. If a hot-water bath canner is used (either homemade or commercial), have the water heating in it before starting to cut the corn from the cob. A steam-pressure

Cut from the cob.

canner is recommended for use in the canning of corn. If used, the water in it should be started to heating before hand. A container of boiling water should be in readiness in which to blanch the corn.

Remove husks and silk; blanch (boil) corn for 1 to 5 minutes on the cob. Dip for an instant in cold water. After cold dip, cut immediately off cob with a sharp, thin-bladed knife.

Wrap and store in cool, dark place.

Speed is requisite in successful canning of corn. The best results can be obtained when one person cuts the corn from the cob and another fills the containers. Pack the corn to within one inch of the top. Add one level teaspoon of salt and one-half teaspoon of sugar to each quart. Fill the jars with boiling water. Put rubbers and tops into position on the jars. When using jars with glass tops which have wire bails the top bail only should be put in place.

Place the filled jars on false bottom of wood into water-bath canner or into the steam-pressure canner. With the hot-water bath can-

ner have the water above the tops of the cans.

When one period of processing is

Blanch the corn in hot water.

used, boil steadily for 180 minutes, starting to count time after the water is boiling vigorously. If the intermittent processing is used, boil the two succeeding days, allowing only 12 to 18 hours between the first and second processing periods. Tighten the jar tops after each boiling and loosen just before starting the successive boiling.

Only one period of processing is necessary with the steam-pressure cooker. When one is used, process corn 80 minutes under 15 pounds pressure at a temperature of 250° F.

When jars are removed from the canner tighten tops immediately. Cool in a place away from drafts, test the seal, and store in a cool, dark place.—United States Department of Agriculture.

MOVIE ACTRESSES FORM OPINIONS

London. (By Mail).—Movies are lowering the Hindu's opinion of European women's morals, according to Miss Constance Bromley, an English girl, just returned from Calcutta where she managed a large motion picture house for four years.

"They see the white wives on the screen in compromising situations, also women clothed in many garbs, on one occasion in a long film the heroine's main costume being a bathing suit with the result that the natives get a low opinion of European morals," said Miss Bromley. Miss Bromley declared the natives are great movie fans and that in Bombay alone there are fourteen picture houses.

THE BEST TEST

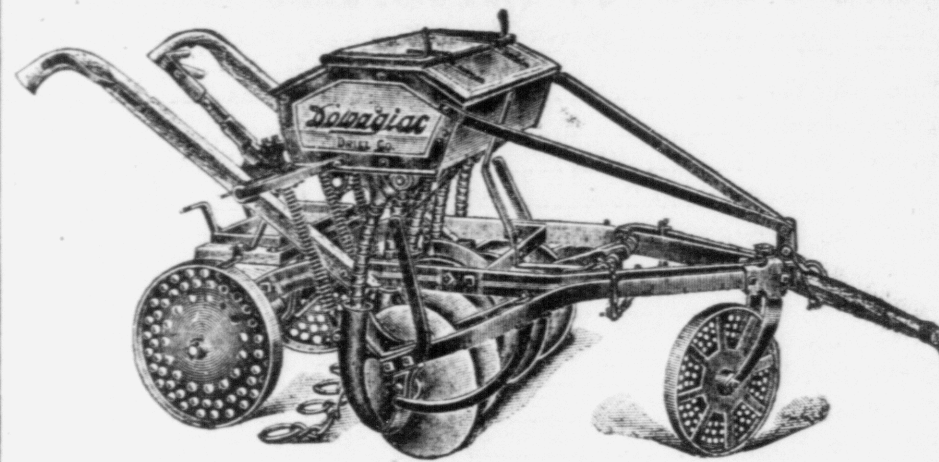

Is The Test of Time

Years ago E. L. Hinkle of 815 N. Jackson St., Rushville, told of good results from using Doan's Kidney Pills. Now Mr. Hinkle confirms the former statement—say there has been no return of the trouble. Can Rushville people ask for more convincing testimony?

"Sharp pains in my back radiated to all parts of my body and I was hardly able to walk," says Mr. Hinkle. "I couldn't rest well, owing to my kidneys acting irregularly. I found no relief whatever until I began using Doan's Kidney Pills. Nine boxes entirely cured me and made me feel like a different man. The terrible pains in my back left and my kidneys again acted regularly."

MORE THAN FIVE YEARS LATER. Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting. I never have anything more serious now, than an occasional tired feeling across my back. A few doses of Doan's soon fix that up."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—(Adv.)

Dowagiac Steerable One-Horse Disc

They are SELF-GUIDING and follow the horse perfectly on short turns or between crooked rows without guiding from the rear.

They are STEERABLE without lifting by the operator. Pressure on one of the handles or the operator shifting his position, when riding on the box immediately changes the course to that side.

They are ADJUSTABLE both as to width of rows and as to depth of sowing.

They are UNIFORM depositors of seed by means of independent and adjustable spring pressure on each disc.

They are CONVENIENT in transportation to and from the fields. One lever raises the discs and the drill is carried on the castor wheel in front and the drive wheels in the rear.

EARL OVERLEES DIES OF SCALDING

Sixteen Year Old Boy Who Was Injured by Boiler Explosion Dies of Injuries

HAPPENED ON WEDNESDAY

Was Engaged With His Father and Brother in Cleaning Out a Gas Well

Burns which Earl Overleese, 16 year old son of Mr. and Mrs. John Overleese of Arlington received Wednesday afternoon when a boiler exploded, proved fatal, and death resulted this morning about 3:30 o'clock. The young man suffered great pain following the explosion and death was thought to be almost certain.

The accident happened Wednesday afternoon while cleaning out a gas well on the Thomas McManus farm, just northwest of Occident. Mr. Overleese and two sons, Earl and Rulan, were doing the work, and the boiler on the machine was fired too heavy which caused the boiler to explode. The deceased was badly scalded about the body, and a piece of the machinery inflicted a deep wound in his abdomen.

Just a few moments before the explosion the father told his son that it was dangerous to fire the engine too heavy, as it might explode. They were engaged in pulling out pipe from the gas well when the accident happened. It is considered remarkable that no one else was seriously injured, as the children of Fred McManus, who live near here, were standing very close at the time of the explosion.

Two attempts were made to pull the heavy pipe from the ground, and it was on the third pull that the explosion took place. The older son, Rulan, who was standing by the engine, running the machinery, was not so seriously burned and is recovering. Following the accident both were given first aid treatments, and were later removed to their home in Arlington where a physician treated their injuries.

The deceased is survived by his parents, Mr. and Mrs. John Overleese, and three brothers, Rulan, Raymond and Thurlow. The funeral services will be held Sunday afternoon at two o'clock in the M. E. church in Arlington, conducted by the Rev. Cradley of the Arlington Christian church. Burial will take place in East Hill cemetery in Arlington.

PRES. WILSON SPEAKS NEXT THURS. NIGHT

Will be in Columbus in the Morning and Second Stop, Indianapolis, at Night.

IS BUSY GETTING READY

Washington, Aug. 29.—President Wilson will be at Columbus, Ohio, Thursday morning and at Indianapolis in the evening, according to official itinerary made public today. From Indianapolis he will go to St. Louis, Kansas City and Des Moines, passing the various cities enroute to the coast. The presidential car will travel as a special sector of the regular train.

The president spent the most of his time yesterday morning in going over the draft submitted by his assistants and revising it so he can aim blows where he believes they are most needed.

The president, it was learned, at the White House, is pleased with the prospect of having the treaty leave the hands of the senate foreign relations committee about the time he starts his trip.

Indiana State Library • CROSS ROADS

Two Machines in Accident Near Sandusky and One Man is Hurt

George Weintraut of Waldron was painfully injured when his car collided with one driven by Loren Meek of this city at a cross roads near James Taylor's farm in the vicinity of Sandusky, Tuesday evening. Weintraut's machine, which was the lighter of the two, was turned over and Weintraut was pinned under it, but Ralph Richey and William Thompson, also of Waldron, who were riding with him, escaped unhurt. Neither Mr. Meek nor the other occupants of the car he drove, Mrs. Elsie Ward and daughter, of this city, were hurt. Mrs. Ward's machine was only slightly damaged. The view of the cross roads was obscured by corn fields.

DRAW STRAWS TO DECIDE ARGUMENT

The Rev. C. S. Black and the Rev. L. E. Brown in Deadlock Over Who Shall Preach Sunday Night.

M. E. PASTOR DREW SHORT ONE

The Rev. J. T. Aikin, pastor of the First United Presbyterian church, and the Rev. C. J. Bunnell, pastor of the First Baptist church, are both out of the city, and the First Presbyterian church has no pastor, due to the resignation of the Rev. D. Ira Lambert. The only Protestant ministers left in the city are the Rev. Clyde S. Black of the St. Paul M. E. church and the Rev. L. E. Brown of the Main Street Christian church.

They got their heads together and talked it over, and decided that it would not be good policy to hold Sunday evening services in opposition to each other. Then the question was—who will preach. The Rev. Mr. Black said to the Rev. Mr. Brown, "You preach in my church," and the Rev. Mr. Brown said to the Rev. Mr. Black, "You preach in my church."

Since the odds were even, they decided to cast lots. Two straws were found, a short one and a long one, and a third disinterested party held them with two even ends exposed. Each drew a straw and the Rev. Mr. Black got the short one—so he will preach at a union service at the Main Street Christian church Sunday evening at eight o'clock.

MISS BELLE DUNNOHEW EXPIRES AT HOME HERE

Expires at Age of 79 Years of Disease With Which She Suffered for Three Months.

WAS BORN IN CINCINNATI

Miss Belle DunnoheW, a widely known woman of this city, died last evening shortly after five o'clock at her home, corner of Fifth and Morgan streets, death resulting from a chronic disease of which she had been afflicted with for about three months. Miss DunnoheW was 79 years old.

The deceased was born in Cincinnati where she spent her early days, and later removed here, making her home with her niece, Mrs. Charles A. Mauzy. She again removed to Cincinnati, where she stayed for a few years, coming here about twenty years ago to live with her sister, Mrs. Dixon, who recently died.

Miss DunnoheW is survived by her niece, Mrs. Mauzy, and nephew, Frank Dixon, at whose home she was living at the time of her death. The funeral services will be held at the late residence Sunday afternoon at 3:30 o'clock with the Rev. L. E. Brown in charge, and burial will be made in East Hill cemetery.

WORK IS STARTED WRECKING CHURCH

New Edifice Will be Erected This Fall by Little Flatrock Christian Congregation

ESTIMATED COST IS \$35,000

New Building Will be of Brick and Will be Equipped With Electric Lights and Basement

Work was started wrecking the Little Flatrock Christian church, southeast of Rushville, which is one of the oldest houses of worship in the county, to make way for a modern church edifice which will be built this fall at the approximate cost of \$35,000. The building will be of brick and will contain a heating plant, electric lights, a basement, complete plumbing and all of the equipment which goes with an up-to-date church building.

Morris Winslip of this city was awarded the contract for a sum slightly in excess of \$27,000. This price does not include the plumbing, the electric light plant and other things. The furnace in the present building is less than two years old and will be used in the new one. There will be a basement, containing a kitchen, dining room and furnace room, under the whole building.

A change has been under discussion for some time and the congregation finally decided it would be the wisest policy to build a new church rather than to remodel the old one. Although the present building is a very substantial one, many were of the opinion that a basement which would meet the demands of the majority of the congregation, could not be constructed because the foundation is not very high—and a basement with kitchen and dining room is now regarded as a necessary adjunct of any church.

The first plans were to remodel the building which has served many years as a house of worship, but so many members of the congregation said they would rather give more for a new church, that it was decided to wreck the old structure and build a new one. About twenty thousand dollars have been pledged by the congregation, which means that more than half the cost of the church is met before a brick is laid.

The Little Flatrock Christian church was one of the first of this denomination in the county and its membership includes many of the most respected and substantial families of southern Rush county.

For the present services will be held in the high school auditorium at New Salem. Arrangements have been made to hold the first services there Sunday. The congregation had planned to have an all day meeting and pitch-in dinner, as a sort of a farewell to the old church, but the contractor announced early this week he would begin wrecking the building Thursday, so that these

IS ARRESTED FOR ASSAULT

John Lemasters, State Official, Knocks Reporter Down

Indianapolis, Ind., Aug. 29.—A warrant for the arrest of John Lemasters, superintendent of motor transportation of the state highway commission, was issued this afternoon as the result of an alleged attack by Lemasters on Ray Wiker, an Indianapolis newspaperman.

Mr. Wiker is said to have visited the office of the State Highway commission and to have been knocked down by Lemasters. The attack is said to have been the result of newspaper criticisms. Governor Goodrich said he regretted the incident.

4 COUNTY SCHOOLS START ON MONDAY

Difficulty is Experienced by Many Trustees in Securing Teachers For Their Schools

SEVERAL VACANCIES YET

New Ruling by State Educational Board Compels High School Principals to be College Graduates

The State Board of Education passed a ruling in May regarding the qualifications of high school principals, which makes it compulsory for a person holding such position to be a graduate of some college or State Normal school, and such ruling was to take effect with the hiring of the principals for this fall. The only exception allowed by the State Board of Education, was where the principal held the position last year and could convince the board that he is qualified to hold such a position.

A. M. Taylor, principal of the Rushville High School is not a college graduate, but held this position last year and was highly recommended to the State Board for his reappointment this year. His case is mentioned as only one for several which is known in the county. In such cases where the same position was held last year, the State Board grants the proper license to teach.

At the last moment several township trustees have found difficulty in securing a complete faculty, and teachers of the right kind seem to be scarce. So far the school at Gings is without a principal, but Superintendent C. M. George stated today that he was considering the appointment of a lady, who would be in tomorrow to seek the position.

In Glenwood, the school there is without an eighth grade teacher, and two teachers are needed in Orange and one at the Fairview school. It is hoped that these vacancies can be filled by the time that school opens.

Four township schools will open Monday, and the remainder will open on the following Monday, which will open Monday are Rushville, Anderson, Jackson and Posey. The Rushville city schools will not open on Monday, but the week following.

The Posey township schools have a complete list of teachers, with W. E. Wagoner, as township principal, Hazel F. Meloy, mathematics and Latin; Faith Lee, English and music; Thora Eller, Home Economics and Science as the high school faculty and with the following teachers in the grade department: Charles De Munbrun, Mary Metsker, Lettie Woods, Flossie Irvine, Mary Johnston, Sue Woods, and Ruth Simpson.

The county teacher's institute which was to have been held today, was postponed until the first Saturday in September, on account of the incompleteness of the faculties in various parts of the county.

LABOR DAY WILL BE QUIET

Banks and Barber Shops Will Close—Postoffice Hours.

Labor Day, which is Monday, September 1st, will not be celebrated in Rushville, and only a few business houses will observe the national holiday. The banks of the city will be closed all day, as will the barber shops. The postoffice will close at ten o'clock with only one city delivery in the morning, and no rural route delivery. In years past the annual custom was a ball game in the afternoon, but none will be held this year. Monday will, however, see a great many Rushville people in Indianapolis, as it is the opening day of the state fair.

LABOR HEAD SEES WILSON

Samuel Gompers Confers About Steel Corporations

Washington, Aug. 29.—Samuel Gompers, president of the American Federation of Labor, today asked for an appointment with president Wilson, it was learned. Gompers request was granted, and he will see the president this afternoon. In absence of any announcements it was assumed that Gompers wished to go over the whole present labor situation with the president.

It was regarded as probable that Gompers might ask the president to appeal to the heads of the Steel Corporation to meet the committee representing its organized employees. Judge Gary, steel corporation head, has refused to meet this committee.

CONTRACTOR APPEALS FROM COMMISSIONERS

A. L. Tribble Takes Case to Circuit Court to Have Contract For Improvement Cancelled

UNABLE TO GET BINDING

Ananias L. Tribble, contractor on the John Kelly et al highway in Rushville township, today took an appeal from the board of county commissioners to the circuit court. The contractor alleges that he is unable to complete the paving as specified and contracted for, and asks the court to cancel the contract and pay him for the portion that is completed. The highway in question is the First street improvement. The contract specified that brick was to be used as far west as the Big Four railroad, and then stone with Roc-Mac binding.

The contractor says the manufacturing plant of the Roc-Mac is now out of business and he is unable to get the supply. On May 5th he petitioned the commissioners to release him from the remainder of his contract, but they refused, and he is now appealing to the circuit court. He also states that the cost of labor has advanced as well as material, and that if he should complete the street, it would be at a great loss financially to him. He stated that he completed the Frank Green et al highway at a loss, and that he thinks the court should cancel the contract which is now unfinished, and pay him for the portion which has been completed with brick.

MIKE WILL SOON BE HOME

Proprietor of Greek Candy Store Ready to be Discharged

George Katsoras has received a telegram from his brother, Mike Katsoras, proprietor of the Greek Candy Store, stating that he has arrived at Camp Merritt, and is on his way to Camp Sherman, O., where he will be discharged. "Mike" as everyone knows him, will be glad to get back. He left here with the selected men on October 5, 1917, going to Camp Taylor, later being moved to an embarkation point along the coast. He soon was transferred to Belgium, and saw active service. Since the signing of the armistice he has been in the vicinity of Luxembourg. It is probable that he will be home Saturday or early next week.

SENATOR KNOX SPEAKS.

Washington, Aug. 29.—The treaty now before the senate is merely the "truce of Versailles" not a treaty of lasting peace; it does not spell peace but war—war, more devastation than the one just closed; it lays the foundation for centuries of blood-letting." This characterization of the pending treaty was presented by Sen. Knox today.

PREDICTS PRICES FALL IN 90 DAYS

Judge Ames, Assistant Attorney General Claims That Food Prices Will Soon be Lowered

EXPECTS 25 PER CENT OFF

Asks Shopmen to Put Off Their Strike Until Government Proves That They Can Lower Prices

(By United Press.) Washington, Aug. 29.—Many material decreases in food prices will occur within ninety days, Judge Ames, assistant attorney general in charge of the government price campaign predicted today. A general reduction of 25 percent will finally result from the government's effort, Ames further predicted.

Ames statement followed a letter by the shopmen leaders advising their men to withhold striking for ninety days to give the government a chance to make good in its fight to bring down prices.

Immediately after making his predictions Ames went into conference with Governors of seven states and Attorney General Palmer. The governors are here to give official aid in cutting prices. Following their conferences with Palmer the governors went to President Wilson.

With Palmer, the governors planned the details of the campaign to be waged in each state to cut living cost in co-operation with the government in its campaign.

Both Ames and Palmer let it be known that they are gathering evidences against retail profiteering to be used in prosecution as soon as the amendment to the food control act which Palmer has asked are passed by congress.

Will Reduce in Chicago

Chicago, Aug. 29.—With live stock and produce prices on the downward grade on the wholesale market, government officials today prepared to take action to force a similar reduction by retailers that may be felt by housewives, and the man who pays for it.

District Attorney Clyne was to return today to Washington to begin work on court proceedings against the big live packers, while federal authorities announced 40,000 pounds of sugar seized last week will be on sale to the public at 10½ cents a pound.

RICHMOND TODAY IS QUIET AFTER RIOTS

State Troops Will Not Have to be Called as Rioters Have Abandoned Their Ideas.

WORK IS STOPPED, HOWEVER

Richmond, Ind., Aug. 29.—Quiet followed today in the wake of rioting in which shots were exchanged in strikers of the Malleable Casting Company and the Reliance Foundry stoned the factory building. The streets were deserted today and the officials had practically abandoned the idea of requesting state troops unless further disturbances arise.

All the rioting occurred after the strike had been adjusted and the men had decided to return to work. They would have been back on their jobs today but their places of employment was so badly damaged that operation had to be suspended. Those who instigated the throwing of stones were for the most part strike sympathizers.

One of the strike breakers attempting to escape the mob in the darkness hid under a box car in the freight yards. An engine struck the string of cars and he was crushed between two of them. His recovery is doubtful.

Hog & Cattle Feed For Sale

Do you know that our Whole Ground Barley is the BEST and CHEAPEST feed that you can use? This Ground Barley would cost you \$67.00 per ton in less than carload lots, delivered at Rushville. For full car of Whole Ground Barley we can make the price \$62.00 per ton, delivered at Rushville. This price, however, is subject to confirmation.

We were fortunate in picking up a few cars that we could sell at the above price. To replace them today would cost quite a good deal more money.

RIGHTER GRAIN CO., Cincinnati, Ohio.
R. G. Wellman, Agent. Phone 1506.

CUT THE HIGH COST OF LIVING By baking your own bread from CLARK'S PURITY FLOUR

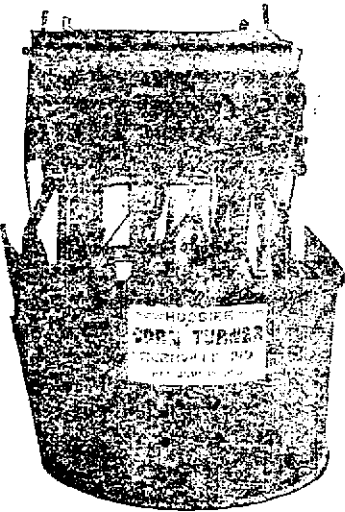

One barrel of 196 pounds will make 283 loaves of bread, which at 10c each would amount to \$28.30. CLARK'S PURITY FLOUR retails at \$13.80 per barrel, then the housewife who bakes her bread will save \$14.70 per barrel, less the seasoning and fuel for baking; hence a long step in the direction of reducing the high cost of living would be accomplished.

WHEAT CONTAINS STINKING SMUT

Amounts Varying From 60 to 100 Per Cent in Many Localities According to Elevator Men.

IS A FUNGUS DISEASE

County Agent M. F. Detrick Gives a Formula—Will Hold Campaigns in Near Future.

The elevator operators have estimated that the amount of wheat containing stinking smut will vary from 60 to 100 per cent in different localities. Some elevator men have said that very little, if any, wheat has come to their elevator that was absolutely free from this disease. In some fields as much as 40 per cent of the wheat was destroyed by the smut.

Stinking smut is a fungus disease. One of the pods of smut contains in the neighborhood of three million spores. When these smut pods are crushed, as many are in threshing, the spores are liberated and stick to the grains of wheat. When the wheat is planted, the smut spore is also planted. It germinates the same as the wheat and sends out small thread-like bodies which grow into the wheat seedling. These threads multiply in the tissue of the wheat plant and when the wheat heads the spores are again formed inside of the covering of the wheat grain leaving only a mass of spores inside the covering or bran of the wheat kernel.

A number of farmers in this county treated their wheat last year with formaldehyde, with excellent success in nearly all cases. The following method is the one most commonly used.

Sprinkle the seed until thoroughly moist with a solution of one pint of 40% formaldehyde to 40 gallons of water, shoveling over repeatedly to distribute the moisture evenly. Forty gallons of the solution will treat sixty bushels of grain. Shovel into a pile and cover with sacks, blankets, or canvas for at least two hours but not more than five. Dry by spreading a thin layer and stirring occasionally with a shovel or rake. The seed may be sown when dry enough to run through the drill, setting the drill to sow one or two pecks more per acre to allow for the swollen condition of the grain. If to be stored for several days or longer, dry thoroughly. Disinfect sacks, bins, and drill to prevent re-infection.

County Agent Detrick is planning to give a number of demonstrations in treating with the formaldehyde where farmers ask for help. A demonstration will be held at the farm of Ozias Gwinnup, two miles southeast of New Salem at 9 o'clock Saturday morning of this week.

OLDHAM, ENG.—Dog-owners chorled joyously when Sir A. D. Hall, under-secretary of the Board of Agriculture, was fined \$2.50 for having his dog unmuzzled. Hall's signatures appears on all orders re-dogmuzzling.

Powerful Picture at Princess

The Elsie Ferguson picture, "A Society Exile," which was shown last night at the Princess, will be repeated again tonight. The beautiful stage settings and costumes worn by Miss Ferguson won the admiration of the audience last night, and it is pronounced by all who saw it, as a very high class picture. Special music is being provided this week on account of the anniversary of the theater. The picture tomorrow will be Edd Bennett in "The Virtuous Thief," which appeals especially to one man who hire, girl stenographers.

Miss Bennett, who has won nation-wide reputation for herself by her artistry and charm, plays the part of a girl who becomes a stenographer in the office of a Wall Street broker in order to atone for the guilt of a weak brother who has stolen money from her employer. The broker proves to be a type of business man that is, fortunately, extremely rare in the financial district—a rone. Miss Bennett finds herself the central figure in a tangled plot that attracts toward her the finger of criminal accusation. How she is lured into a dastardly trap by her designing employer, who plays upon her intense devotion to her brother, and escapes in a miraculous way makes up the dramatic story, which was written by C. Gardner Sullivan.

Snow Scenes in Film

"The Blinding Trail" featuring Monroe Salisbury, which is shown at the Mystic Theatre today contains some of the best "snow stuff" ever filmed. It is a story of the north wood.

When Director Paul Powell took his company to Truckee, Cal., to "shoot the snow" he picked out a wonderfully good season. It happened that on the night of his arrival there was a heavy fall of wet snow, which clung to the branches of the trees in designs of remarkable beauty.

BARS-IMMIGRANTS

Sydney, (By Mail).—The state of New South Wales has informed the Commonwealth government of Australia that it will not permit any immigration for one year, in order to more successfully cope with the problem of repatriating its soldiers and sailors. This ban against immigration includes the British Isles, despite the fact that all other states of the Commonwealth have opened their door to emigrants from England.

Thomas of Colorado Springs.

SEPTEMBER 4 TO BE PURDUE DAY AT FAIR

Thousands of Men and Women Who
Attended University Expected
to be Present on That Occasion

RECEPTION FROM TEN TO ONE

Lafayette, Ind., Aug. 29.—Thousands of men and women who have attended Purdue university are expected to be present at a reunion to be held at the state fair on Purdue Day which an announcement from Prof. G. I. Christie has designated as Thursday, September 4.

In view of the fact that a large number of the faculty members will be present at the fair in connection with the Purdue exhibit which is to occupy the Purdue and Oliver buildings, this will offer an excellent opportunity for members of the institution and the men and women of the state to get together to renew acquaintances and go over many of the matters of common interest.

The Association of Purdue Students, of which Norris McKenry of Elizabethtown is president and J. A. McCarty of Fort Branch is secretary, will hold a reception between 10:00 a. m. and 1:00 p. m. at the Purdue Building. Large numbers of Purdue students who have been in the military service and many of the faculty members will be present at his meeting. All men and women who have attended Purdue are urged to attend the state fair and take part in the exercises.

TO BE GIVEN S. M. STRIPE

Lewis Hunter, who has been affiliated with the local branch of the Salvation Army for the past twelve years and has held the commission of Sergeant Major of the Rushville Corps for the last eight years, will be presented with the sergeant major stripe next Sunday evening as a token of appreciation for his faithful service.

Next Payday September 15

Uncle Sam's next big pay day this year comes on September 15. On that date the Treasury Department of the United States government will give to every investor in Liberty bonds his interest. In the aggregate that will amount to \$88,750,981.81.

With the purchasing power of the dollar lower than it has ever been, it is the part of wisdom to keep your dollars working, earning interest until money is worth more. On September 15 every one to whom Liberty Bond interest is due has the opportunity to reinvest that interest in War Savings stamps. That will keep your income growing, for the War Savings stamp pays four percent, compounded quarterly.

The procedure is easy. All you have to do is to take your Liberty Bond coupons to any postoffice and almost any bank and exchange them for War Savings stamps, which are non-depreciable and non-fluctuating. In case you ever need the money, you always can cash them at any Postoffice on ten days' notice. Each purchaser of War Savings stamps gains sure profit and insurance for the future. The Government gains some money and assures and stabilizes its financial safety and prosperity by assuring the financial future of its citizens.

Uncle Sam will have more pay days this year. They will occur on October 15, November 15 and December 15. If all the Liberty Bond interest due from March 15 last to December 15 were reinvested in War Savings stamps, the total put in the latter governmental securities would amount to \$804,057,716. Following are Uncle Sam's paydays this year and the amount of Liberty Bond interest it is possible to reinvest in War Savings Stamps:

September 15	\$88,750,981.81
October 15	78,102,249.38
November 15	148,517,248.75
December 15	36,658,376.63
Dec. 15 5th Loan	106,875,000.00

Perfectly Simple

There is a constantly growing feeling among our fellow citizens that the government ought to run most of our staple industries—if necessary, at a loss, and make up

Sap and Salt

By BERT MOSES

As a general rule, poor pianists are good cooks.

A woman with too much hips hates a woman who has just enough.

Nothing lives unless there is a reason why it should not die.

The principal strength of some folks seems to be in their breath.

There is a fine chance for the modest girl nowadays—almost no competition.

Prudent girls do not wear white shirt waists when spooning in the park after dark.

Hez Heck says: "When a lover gets to the point of telling his girl her ears are like sea shells, the old man might as well come across with the price of a wedding outfit."

the deficit out of taxation. And when invited to reveal who is to be taxed to pay the deficit, they always say the same thing: "The rich."

Just exactly what constitutes the rich is a thing vaguely understood. They are generally supposed to be people with tons of currency hidden somewhere. It is surprising how few people there are whose mental processes surpass those of a six-year-old. There are far more people in this grade than you may think.

A man is rich if he has credits by virtue of which he draws large revenues from certain industries. Very often he does not own the industries, but is one of the bondholders. As a rule, he has very little currency. There is no sense in having much.

When the government has confiscated all the large industries, the rich men's sources of revenue will be gone. Then they will be poor. We shall start this scheme without any rich people—and therefore there will be no one to pay the taxes.

So all industry will run at a loss, like the railroads, without any one making up the deficit. They actually worked this scheme out in Hungary, and apportioned the incomes which the individual members of the population were to draw—finding out afterwards that the aggregate of the total producing power of the country. The Chinaman who burned down his house to roast a pig was almost intelligent compared with some of us.

"But," you may say, "why should government always run industry at a loss?" Ah, why indeed? But it does. Governments are composed of platform rhetoricians, monologists, lawyers and pamphleteers—not of chemists, or engineers, or manufacturers.

Well, let us leave enough rich people in existence to pay the taxes. How rich shall we let them be? Oh, just rich enough to dig up the money for taxation. But no one would consent to be rich on those terms; they would have the labor of filling up tax-forms, and get nothing for it. No one who has done that job will want to do it gratis.

Many great men of Europe are evincing a secret desire to come to America and see a nation of greater men.

Yes, we are a law abiding, peace loving, God fearing nation. We only have profiteering, strikes, riots, race wars, Bolshevism, and a few other mild forms of amusement too inconspicuous to mention.

About every nation of Europe is looking to the United States for assistance in one way or another. And the fellow who relies on another to care for him seldom evinces any particular desire to do something for himself. Europe should go to work.

No we have no objection to price fixing by the government, provided the prices are such as to meet our individual approval.

—Regular services will be held at the First Presbyterian church Sunday, September 7. Sunday school will be held at the usual hour next Sunday.

—First Baptist church—Sunday school at 9:30 o'clock; preaching services at 10:30 o'clock. The members of the church will join in union services at the Christian church Sunday evening.

—Regular services of the Little Flatrock Christian church will be held in the auditorium of the New Salem high school building, on account of the church building being wrecked to make way for a new church.

—St. Paul's M. E. church—Sunday school at 9:30 o'clock; morning worship with sermon by the pastor, at 10:30 o'clock. At eight o'clock in the evening this church will unite in the union services to be held at the Main Street Christian church.

—First United Presbyterian church—Bible school at 9:30 a. m.; there will be no preaching services on account of the absence of the pastor. Young people's meeting at 7 o'clock. Congregational prayer meeting Thursday evening at 7:30 o'clock.

—Pleasant Ridge Methodist—Bible school, 2 p. m., combined with an illustrated talk by the pastor. Ballots for lay delegate will then be taken. W. A. Mall will be judge and J. R. Deeringer and John W. Lower tellers. Ballots were received at Arlington last Sunday for the Rev. J. L. Brown and Mrs. Ruth Eaton.

—Maunilla Methodist Bible school, 9:30 a. m., combined with an illustrated talk by the pastor. At the close of the service the ballots for the lay delegate to the Lay Electoral conference, will be received. The Rev. J. L. Brown and Mrs. Ruth Eaton have been nominated. C. C. Cotton will be judge of election and Charles Murdock will be tellers.

—The united service at the Main Street Christian church will begin at 9:30 and close at 11:15. At the preaching period the pastor will speak on "The Saving Salt." At 8 in the evening there will be a union service at this church at which time the Rev. Clyde S. Black of the M. E. church will deliver the sermon. Mid-week service Thursday at 7:30.

—Salvation Army church—Open air meeting Saturday night at 8:30 p. m. Bible study Sunday morning at 10:30 o'clock. Subject "Water Baptism Mode." 2 p. m. Sunday school; 7 o'clock, open air meeting; 8 p. m., evening services, subject, "Will the League of Nations Bring Permanent Peace?" Meetings Tuesday and Thursday evenings at 8 p. m.

RETURNS FROM FRANCE

Arthur Pulliam has returned from France, where he saw active service during the war, and is now the guest of his mother, Mrs. Ida Pulliam, while on a furlough from Camp Merritt, N. J. He enlisted before the war broke out and his unit was among the first troops to be sent to France.

MEET ARLINGTON SUNDAY

Rushville Tail Lights Will Play Red Sox on Home Lot.

The Rushville Tail Lights will play the Arlington Red Sox Sunday at Arlington, and the game promises to draw a big crowd. The Rushville team a few weeks ago won from the Red Sox, and will make a big attempt to repeat their recent victory. Practically the same line up will be used by the Tail Lights as was used then, and the Rushville boys have been diligently practicing all week in an effort to get in trim. The game in Arlington will not be called until after the arrival of the traction car from this city, which is due in Arlington a few minutes after three. The Rushville team will line up as follows: Doll, c, Yazel, p, Bennett, 1b, Conaway, 2b, Thorp, ss, Tompkins, 3b, Keating, lf, Sharp or Todd, rf.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

Ex-Gov. N. J. Batchelder, of New Hampshire was a farm faddist and his farm on Highland Lake was once visited by a gushing Boston dame who raved over everything. "Oh, such absurdly grotesque workmen in the fields" and "exquisitely adorable poetic rustic life and environments." The last vision which swirled before her was a sty of pet pigs which had been holystoned and pumiced and sprinkled with lavender. Quite a herd of shiny white ones. In comparison with market prices, bacon cost the Governor about ninety-seven dollars a side. "Oh, I'll never, oh, never forget this marvelous place. Oh, Governor, every time I see a pig like that I cannot help but think of you."

CASH PRIZE OFFER: A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

GOVERNORS SEE ABOUT H. C. L.

Washington, Aug. 29—Governors of seven states were to confer today with President Wilson to plan state cooperation in the federal governments if it is to cut the cost of living. The governors are from Missouri, Montana, South Carolina, Pennsylvania, Maine, Arizona and Minnesota.

BARGE KILLS TWENTY

Archangel, Aug. 29—Twenty men were killed and forty are missing it was estimated today as the result of the explosion of an ammunition barge which destroyed a British monitor.

Business Man Sings Praises

"I suffered for years with stomach trouble and gas continually. Doctors thought I had stomach ulcers or cancer. After last attack they advised going to Rochester, Minn., for an operation. A friend advised trying Mayr's Wonderful Remedy, which I did, and I cannot sing its praises too highly, as I can now eat anything and everything." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale by Druggists Everywhere.—(Adv.)

The annual reunion of the Hunt family was held at the city park today. Many visitors from out of the city were present for the elaborate dinner served at noon.

Miss. Marguerite Kelley entertained a number of her friends at a six o'clock dinner party yesterday evening, honoring Mr. and Mrs. Lomas Gartin, who will leave soon for California.

Mr. and Mrs. Aaron Wellman entertained last evening at their home in North Morgan street, Miss Alice Buell of this city and Mrs. John H. Morris of Greensburg. Mrs. Morris is a sister of Mr. Wellman's.

Mrs. Guy Mulberger was hostess for the Thursday Afternoon Bridge club yesterday afternoon at her home in North Harrison street. The guests enjoyed the afternoon over the card tables and at the close of the playing refreshments were served.

Mr. and Mrs. George Kendall of Sexton and Miss Mable Taylor of Muncie, Mr. and Mrs. S. R. Holderman, Mr. and Mrs. T. C. Kendall and family and Mr. and Mrs. H. E. Lamm and family of Cartersburg, Ind., formed a motoring party yesterday and went to the home of James Shannahan where the enjoyable day with Mr. and Mrs. Tom Kendall, Mrs. Catherine Jones and Mary Shannahan of this city.

Sixty-five members of the War Mothers club and the Industrial club were delightfully entertained at the home of Mrs. Sam Newhouse of near Center yesterday all day. At noon a bountiful pitch-in dinner was served and in the afternoon a splendid musical program was given which was thoroughly enjoyed by all present. The rooms were decorated for the occasion with summer flowers and the table was centered with a large bouquet of asters.

Mrs. Erle Hamilton and Miss Laura Holden were hostesses for an informal progressive party, Wednesday afternoon, honoring Miss Alma

Green, a bride-elect. At the home of Miss Holden, in East Seventh street, the guests enjoyed the afternoon over various needlework and at a late hour the guests present were invited to the home of Mrs. Hamilton's mother, Mrs. Grant Gregg, where a delicious luncheon was served. The rooms were beautifully decorated in the color scheme of pink and white, the same color scheme predominating in the decorations of the small tables and brides table. The out-of-town guests were the Misses Jessie Logan, Isabel Hamilton and Ruth Logan all of Greensburg.

SAYS H. C. L. IS NOW ONLY NATURAL

Wall Street Financiers Claim Investigation Will Not Reveal Any-one in America to Blame

SAME CONDITIONS IN 1865

United States Has Been Supplying Other Countries—5 Years of Destruction With no Production.

(By United Press.)

New York, Aug. 29.—"Investigators who are looking for the 'guilty party' responsible for the high cost of living in the United States will never find him in America, according to Wall street financiers.

A correspondent of the United Press interviewed several of the biggest bankers of the country to ask them for their ideas on the high cost of living. Though the financial men refused to allow their names used, they were free in their opinions.

The general consensus is that the man who started the war is responsible. People who are suffering now are merely paying their part of the bill for making the world free for democracy, in the opinion of financiers.

"The present situation is the natural one after five years of destruction and non-production," explained one prominent Wall street man. "The world is short of food and clothing and supplies of all kinds. America is short because it has shipped so much to Europe, and because it is not producing enough.

"High prices are the result of a shortage on the market. Legislation and agitation will not lower prices permanently or to any extent. As soon as we begin to produce more, so that the surplus on the market causes competition for sale, prices will come down. Until we produce more, and until Europe produces more, prices will remain high.

"Wall street is not surprised at the very high prices and the unrest all over the country. The financial interests anticipated and expected this trouble. Similar disturbances have occurred after every war of importance. Look back at the period following the Civil war. The only difference is that the present catastrophe is greater than any previous one, and will be more difficult to re-adjust."

The bankers interviewed were not in sympathy with the agitation and legislation in Washington. Wall street considers this an ineffective way of feeding the hungry, and generally accuses the legislators of playing for publicity.

The economic situation will adjust itself along the good old fashioned lines of the law of supply and demand, according to the financiers who feel that nothing else under the sun can serve as a real remedy, though they admit that certain legislative moves can be injected as temporary stimulants.

Betty Wales Dresses

do you know the new Autumn
Serges are ready?

They are. In every locality there's one smart shop that sells Betty Wales Dresses. You will find a full line of the new Betty Wales Serges here—crisp tailored frocks with new lines, new trimming features—plain serges, serges embroidered with silk or metallic threads—a splendid assortment, breathing the very spirit of youth. You will be delighted with them the minute you see them. Don't put it off, visit the Betty Wales Store today and be among the first in this community to appear in a new Betty Wales Fall Dress.

All dealers who sell Betty Wales Dresses are authorized to make complete refund of money for any Betty Wales Dress that is not satisfactory.

Every dainty detail of a Betty Wales Dress is carefully thought out, each button and bow and bit of embroidery has had the designer's careful consideration. That is why each one is such a gem of simplicity and charm.

SHOULD CONSIDER NOW THE STUDENTS HEALTH

Local Physician Calls Attention to
The Danger of Diphtheria and
Advises Proper Vaccination

DISEASE COMMON IN FALL

The health of a student in school is a most essential thing, and before the beginning of the present term, a local physician advises that the parents should see that the condition of their children's health is the very best, especially if the child has a tendency toward a weak throat, which invites diphtheria.

The vigorous campaign launched in many cities against diphtheria was commented upon by the physician and a caution issued to mothers who have children susceptible to this disease protected by vaccination. An injection of toxin antitoxin will afford protection against diphtheria just as effectively as does vaccination against small pox virus against smallpox. This is a new antitoxin, developed through an entirely different process from the old and gives immunity for from three years to life.

It is possible for anyone to unconsciously carry diphtheria germs with them. The germs quite often lurk in the throat of a person who is enjoying the best of health and when children of a school room pass pencils from one to another and bite off the same apple or piece of candy, it can readily be seen how the disease gets a start. The disease is more prevalent in the late fall and early winter because it takes about that length of time from the opening of school for it to take hold on new victims.

'WALL' ELLIS DEAD AT PERU

Local Relatives Receive Word About
Former Citizen.

Relatives here have received word of the death of a former Rushville citizen, Wallace Ellis, at his home in Peru, Ind. Mr. Ellis was a former Rushville man and is well known here by the older residents of the city. He married Fanny Denning, a sister of Ab Denning, Mrs. Homer Havens and Mrs. Conde of this city. While in Rushville he was engaged in business in the old carriage factor. After the death of Mrs. Fanny Ellis he was married again and besides the local people, is survived by the second wife and a daughter by his first wife, Mrs. Georgia Smith of Delphi, Ind. The funeral services will be held at Peru, tomorrow morning and burial will take place there.

Upward Shoe Prices are Influencing Buying

Customers see clearly in the future and are realizing economy comes through buying good shoes that justify the payment of the price. We are serving our customers well this season because we bought large stocks of shoes very early in order to keep prices consistently low for fall.

BILL INTRODUCED TO AID MENTALLY WEAK

Provides That Bureau of Education
Shall Establish Means For Study
For Handicapped.

Washington, Aug. 28—Each public school in the country will have division for the investigation of mentally handicapped children, if a bill introduced by Representative Leonidas C. Dyer, Republican, of Missouri, is enacted into law.

The bill provides that the Bureau of Education shall establish means for the study of the mental and educational needs of backward, feeble-minded and otherwise mentally deficient children.

This work is to include the collection, tabulation, interpretation and publication of the results of tests useful for mental and educational

classification and of information bearing upon organization and conduct of the work undertaken in the schools of the country and elsewhere for the pupils; also the conduct of a laboratory of mental tests for the development of standards of mental capacity for normal children of different ages; also the conduct of a psycho-educational clinic for the examination and classification of pupils.

Kills Pesky Bed Bugs P.D.Q.

A Two ounce box of P.D.Q. makes a full quart of the best bug-killer on earth. Better than a barrel of old-fashioned bug-killer.

P.D.Q. (Pesky Devil's Quietener) kills like a 42-centimeter shell. It settles bedbugs, fleas, roaches, ants and chicken lice, and not only kills the live pests, but the eggs as well.

P. D. Q. won't injure clothing, carpets, curtains, draperies or wall paper. Try it on the dog and see the fleas stop.

Your druggist has it or can get it for you.

The Euphemia Lewis Studio

Will be closed for vacation from Aug. 17th to 31st

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs almost nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

Public Sale of Household Goods

A Real Saver on Tires

THE experience of Hupmobile owners in this vicinity shows that in the important item of tire mileage the Hupmobile stands exceptionally well.

Eight, nine, even ten thousand miles from the original tires are some of the reports which come to us.

We know, of course, that the Hupmobile is exceptionally economical on tires.

But it is pleasant to have the fact confirmed by people who drive the car every day.

The Hupmobile displays the same saving traits in the use of gasoline and oil; and costly or extended repairs—barring accident—are practically unknown to the average owner.

We shall be glad to direct you to owners who can tell you not only of Hupmobile economy, but also of its extraordinary performance and its splendid service.

Farm Light and Power

Here is a 40 light plant that you will like—for its economy and utility. Touch a button to start it and another to stop.

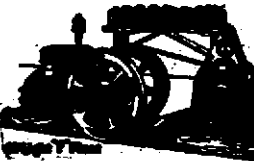

The low speed engine with ball bearing dynamo assures long life—less attention—lowest possible maintenance cost. The 40 light "F" farm outfit comes completely mounted on one base with the famous throttling governor "Z" engine which also gives mechanical power to operate a washing machine—cream separator—churn—or other machines independent of the dynamo, either direct or through a line shaft. Unquestionably the biggest value in the farm lighting field—and you get the added advantage of mechanical power.

Come in and see this plant and let us prove its reliability point by point.

Struther's Smut Machine

For Sterilizing
Seed Grain

It is claimed that the loss by smut alone was 56,261,319 bushels of small grain last year. Save your loss by getting this machine of E. A. Lee and sterilize your seed before planting. Tank of 25 gallons treats 50 bushels of oats or 75 bushels of wheat.

A one-man machine. See it at

E. A. Lee's

\$200,000 QUOTA SET FOR FARMERS

It is Thought This Sum Will be Subscribed for in One Day By County Organizations.

WILLIAM BOSSON SPEAKS.

Says Every Farmer Knows That to Get Best Results They Must Have a Firm Organization.

Indianapolis, Ind., Aug. 29.—The \$200,000 guarantee fund of the Indiana Federation of Farmers' Associations will, it is hoped by Federation leaders, be subscribed in one day. William Bosson, special treasurer for the fund, announced today that September 19 is the day selected for the big subscription effort, and district chairmen will do their best, he said, to complete the fund on that date.

This plan, breaking all precedent in the way of campaigns for funds in this State, has been agreed upon after Federation leaders have had a chance to confer with members throughout Indiana. Several counties have "gone over the top" in one day of their own accord in other campaigns, but no campaign has yet been organized asking the whole state to provide its quota in twenty-four hours or less. "We have adopted this plan for two reasons," said Mr. Bosson. "We believed it unwise to conduct a long drawn out campaign, begging for money everywhere. We were confident Indiana farmers would prove to the world that they mean ready money, and subscribe the entire fund in one day's time."

"The campaign of organization has been conducted with a view to making September 19 the quota day. Our experience in the organization work seems to justify our judgment. Farmers everywhere throughout the State are pledging themselves at county and district meetings to put the fund over with a boom on September 19. The prospect of a strong, cooperative and mutually helpful organization appeals so strongly that they are willing to go the limit in its support."

"Every farmer knows he needs assistance in putting the marketing of his produce on a sound, honest basis. He can not be assured of reasonable profit as long as the buying end of the game is conducted on a speculative, gambling basis. The Federation is going to work against this sort of thing. Farmers everywhere know the value of cooperation in advancing the science of production and farm management. For these and other reasons, we feel confident they will put over the \$200,000 fund between sunrise and sunset on September 19."

Mr. Bosson said his opinion was based not only on correspondence with county and district leaders, but on reports exchanged by President John G. Brown, Secretary Lewis Taylor, Vice-President W. H. Hickman and other officers who have been speaking over the State. They declare that they find many county associations volunteering to provide their quota several days in advance of the drive day.

The Indiana state fair is to be made a rendezvous for members of the Indiana Federation of Farmers' Associations. State fair officials, cooperating with the Federation, have arranged that there shall be a big tent for use as Federation headquarters. The Federation leaders will provide literature and speakers as a means of carrying their message to all the farmers attending the fair. Music and entertainment of various kinds will also be offered by way of diversion.

MINNIE DOESN'T SHIMMY

Indianapolis, Ind., Aug. 29.—Minnie doesn't shimmy in Indianapolis dance halls, according to a report of women police. Nightly visits to public dance halls by police women have tabooed the shimmy and have prevented girls under age from visiting the places unchaperoned.

School Days

The end of the vacation period is near, and the boys and girls will be going back to the school again, some start next week and others a week later.

Make the right kind of a start, with your personal appearance registering 100 per cent. The right kind of clothes don't mean new ones, but everyday clothes thoroughly renovated and cleaned by the experts offered by the Twentieth Century Cleaners and Pressers, will insure the right kind of personal appearance.

The 28th Century Cleaners and Pressers are prepared to take care of all school work, for the little tots to the college students, and those living in Rushville may phone 1154 and they will call for the package. Country patrons may bring, send or mail them, and the work will be gotten out promptly.

PUBLIC SALE

I, the undersigned, will sell at Public Auction at my present residence, one-half mile southeast of Orange, 9 miles southeast of Rushville, 10 miles southwest of Connersville on what is known as the Israel Long farm, on

MONDAY, SEPTEMBER 1st, 1919,

J. W. GARTIN & SON

GARTIN and MILLER, Auctioneers. RUE WEBB, Clerk.
The Ladies Aid of the First Baptist Church will serve lunch.

COUNTY NEWS

Continued from Page 7.

Misses Vera Short, Bessie Clark, Iris Davis, Mary Patterson, Florence Clark and Mildred Davis.

Mr. and Mrs. Elmer Jones and daughter and Mrs. Isadore Brocklemer of Greensburg, spent Sunday with Mr. and Mrs. Charley Jones and son Wilbur.

A large crowd from here attended the Welcome Home celebration at Greensburg last Wednesday.

Lundy Lewis and Brint Bolling transacted business in Greensburg Saturday.

THOSE GOOD OLD DAYS BACK THERE IN 1818

Indianapolis, Aug. 29.—I. P. Mr. Profiteer from your seat of ease and turn back the pages of history to 1818—and shudder. County commissioners then controlled the prices to some extent, according to Chris Adams, prosecuting attorney for Marion county. Records in Adams' office show the following prices prevailed at that time:

A meal 25 cents.
Lodging for one night 12 1/2 cents.
Half pint of whiskey 12 1/2 cents.
Hay and stable for one horse 25 cents.
Thus, it is figured, a person could spend the night at a tavern for 75 cents, or even 50 cents if there was no horse. Records do not show that the lodging and the half pint were considered as one expenditure.

LONDON—Declaring that the work was insufficient to justify the \$500 annual salary, L. W. Liel, officer of the Loughton Food Committee, insisted on a 25 percent reduction.

MILLIONS Suffer from Acid-Stomach

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak and thin. Absence of many kinds of acids from the conditions. Indigestion, nervousness, loss of energy, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression, serious ailments such as cancer and cancer of the stomach, intestinal cancer, cancer of the liver, lung cancer, cancer of the bladder, cancer of the prostate, cancer of the uterus, cancer of the ovaries, cancer of the testis, cancer of the pancreas, cancer of the thyroid, cancer of the adrenal glands, cancer of the pituitary gland, cancer of the hypothalamus, cancer of the pineal gland, cancer of the thymus gland, cancer of the spleen, cancer of the liver, cancer of the lungs, cancer of the heart, cancer of the kidneys, cancer of the bladder, cancer of the prostate, cancer of the uterus, cancer of the ovaries, cancer of the testis, cancer of the pancreas, cancer of the thyroid, cancer of the adrenal glands, cancer of the pituitary gland, cancer of the hypothalamus, cancer of the pineal gland, cancer of the thymus gland, cancer of the spleen, This page is read eagerly by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.

OUR RATES

All advertisements, except display, are charged for at the rate of one-half cent per word for each insertion.

We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum charge 25 cents. No charge accounts opened.

CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:30 A. M. FOR PUBLICATION ON THE SAME DAY.

Some Builders May Get Left

PLANNING to build? Better order your materials now so you'll be sure of getting them. Shipments to us are slow now and we don't expect railroads to be able to bring us the materials needed for the deluge of fall building. Bumper crops and winter's coal supply are yet to be hauled and they get preference.

Right now our stocks are complete, and we are keeping shipments coming. But demands may exceed our supply. For our own protection we urge that you

ATE INFECTED BEEF; TOWN FEARED RABIES

After Investigation Meat Inspector Announced There Was no Danger of it Being Contracted

THEN THE PANIC SUBSIDED

(By United Press.)
Rennes, France, (By Mail.)—When a rumor spread that a certain late cow which had been slaughtered and sold for food, had been suffering from rabies at the time of her death, the population of this French village descended on the doctor and the mayor for advice.

Everybody who had recently eaten beef concluded that he or she had contracted hydrophobia, and had consequently gone mad.

Forty-four of the inhabitants bought tickets for Paris, where they intended seeing the best doctors. But other passengers aboard the train rebelled at the idea of traveling with people who might suddenly go mad and start snapping at them, so the forty-four were huddled in cattle cars and made the journey standing up.

A hundred more were getting ready to go when a meat inspector announced that though it was true the cow had been infected there was no danger of it being contracted.

The panic subsided.

Simple Home Remedy Advised For Rose And Hay Fever

Anyone Can Make a Pint For Trifling Sum and Used In Time May Prevent Annual Attack

"No matter how severe your yearly attack be, no matter how distressing or humiliating—its intensity can be reduced to a harmless mildness," says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and sniff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in one ounce vials is dispensed by all the better pharmacies.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless reme-

lies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

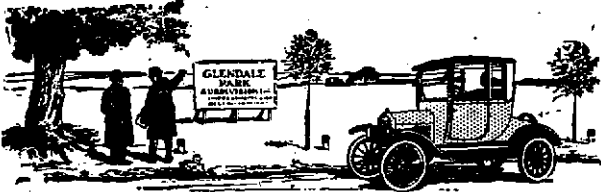

Ford

THE UNIVERSAL CAR

The Ford Coupe, with electric self starting and lighting system, has a big, broad seat deeply upholstered. Sliding plate glass windows so that the breeze can sweep right through the open car. Or in case of a storm, the Coupe becomes a closed car, snug, rain-proof and dust-proof. Has all the Ford economies in operation and maintenance. A car that lasts and serves satisfactorily as long as it lasts. Demountable rims with 3 1/2-inch tires all around. For the doctor and travelling salesman it is the ideal car.

DUSTY MILLER, Auctioneer. Samuel L. Trabue, Attorney for Executor.

Both Speed and Care Are Required in Canning Corn

U. S. DEPARTMENT OF AGRICULTURE

Corn seems to give the average home canner more trouble than any other product. It is especially important, therefore, that extreme care be used and that directions be carefully followed. Much depends upon the age and condition of the corn. Select fresh, tender, juicy corn which has not reached the starchy stage. A little experience in selecting the ear and the ability to recognize corn that is just between the milky and dough stage are important.

Have the utensils in readiness before starting. The jars (already tested for leaks) and tops should be boiled 15 minutes and then be left in the hot water until ready for use.

Pack corn in jars.

The rubbers should be placed in a hot soda solution made with 1 tablespoon soda and 1 quart of boiling water. If a hot-water bath canner is used (either homemade or commercial), have the water heating in it before starting to cut the corn from the cob. A steam-pressure

Cut from the cob.

canner is recommended for use in the canning of corn. If used, the water in it should be started to heating before hand. A container of boiling water should be in readiness in which to blanch the corn.

Remove husks and silk; blanch (boil) corn for 1 to 5 minutes on the cob. Dip for an instant in cold water. After cold dip, cut imme-

Wrap and store in cool, dark place.

diately off cob with a sharp, thin-bladed knife.

Speed is requisite in successful canning of corn. The best results can be obtained when one person cuts the corn from the cob and another fills the containers. Pack the corn to within one inch of the top. Add one level teaspoon of salt and one-half teaspoon of sugar to each quart. Fill the jars with boiling water. Put rubbers and tops into position on the jars. When using jars with glass tops which have wire bails the top bail only should be put in place.

Place the filled jars on false bottom of wood into water-bath canner or into the steam-pressure canner. With the hot-water bath can-

ner have the water above the tops of the cans.

When one period of processing is

Blanch the corn in hot water.

used, boil steadily for 180 minutes, starting to count time after the water is boiling vigorously. If the intermittent processing is used, boil the two succeeding days, allowing only 12 to 18 hours between the first and second processing periods. Tighten the jar tops after each boiling and loosen just before starting the successive boiling.

Only one period of processing is necessary with the steam-pressure cooker. When one is used, process corn 80 minutes under 15 pounds pressure at a temperature of 250° F.

When jars are removed from the canner tighten tops immediately. Cool in a place away from drafts, test the seal, and store in a cool, dark place.—United States Department of Agriculture.

MOVIE ACTRESSES FORM OPINIONS

London, (By Mail).—Movies are lowering the Hindu's opinion of European women's morals, according to Miss Constance Bromley, an English girl, just returned from Calcutta where she managed a large motion picture house for four years.

"They see the white wives on the screen in compromising situations, also women clothed in many garbs, on one occasion in a long film the heroine's main costume being a bathing suit with the result that the natives get a low opinion of European morals," said Miss Bromley.

Miss Bromley declared the natives are great movie fans and that in Bombay alone there are fourteen picture houses.

THE BEST TEST

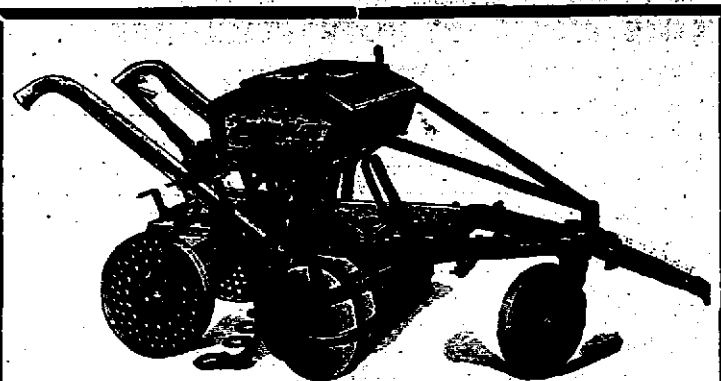

Is The Test of Time

Years ago E. L. Hinkle of 915 N. Jackson St., Rushville, told of good results from using Doan's Kidney Pills. Now Mr. Hinkle confirms the former statement—say there has been no return of the trouble. Can Rushville people ask for more convincing testimony?

"Sharp pains in my back radiated to all parts of my body and I was hardly able to walk," says Mr. Hinkle. "I couldn't rest well, owing to my kidneys acting irregularly. I found no relief whatever until I began using Doan's Kidney Pills. Nine boxes entirely cured me and made me feel like a different man. The terrible pains in my back left and my kidneys again acted regularly."

MORE THAN FIVE YEARS LATER. Mr. Hinkle said: "The cure Doan's Kidney Pills made for me is still lasting. I never have anything more serious now, than an occasional tired feeling across my back. A few doses of Doan's soon fix that up."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—(Adv.)

Dowagiac Steerable One-Horse Disc

They are SELF-GUIDING and follow the horse perfectly on short turns or between crooked rows without guiding from the rear.

They are STEERABLE without lifting by the operator. Pressure on one of the handles or the operator shifting his position, when riding on the box immediately changes the course to that side.

They are ADJUSTABLE both as to width of rows and as to depth of sowing.

They are UNIFORM depositors of seed by means of independent and adjustable spring pressure on each disc.

They are CONVENIENT in transportation to and from the fields. One lever raises the discs and the drill is carried on the castor wheel in front and the drive wheels in the rear.
